QUIET AT DURYEA

GOOD ORDER SUCCEEDS RIOTS OF THURSDAY.

NO TROOPS ARE SENT THERE

SHERIFF ABLE TO CONTROL THE SITUATION.

POLICE OUT UNDER BOND

WILL BE TRIED FOR SHOOTING AT DURYEA.

Wilkesbarre, Pa., Aug. 15.—Duryea, the scene of yesterday's riot, was as quiet as a country village today. No attempt was made to resume operations at the Warnke washery and in consequence no crowd collected. There were a few stragglers, mostly boys, gathered in the vicinity, but when it became known that there would be no work at the washery they went to their homes.

Sheriff Jacobs and a large number of deputies were on the ground all night, but they were not molested. The sheriff told the owners of the washery this morning that if they wished to start up their works he would see that their employes got ample protection. But there were no employes to go to work. Nearly all of the men who were at work yesterday were arrested and sent to jail by the local authorities. The superintendent of the washery claims this was an injustice to the employes, who, he says, were not acting as coal and iron policemen. When the constables came to the washery to make arrests they took everybody in sight. Sheriff Jacobs feels confident that there will be no more trouble at the washery, but should an outbreak occur he says he will have a force of deputies sufficient to preserve the peace.

The twenty-five deputies and employes of the Warnke washery at Duryea, who were arrested yesterday afternoon charged with rioting and committed to jail in default of $3,000 bail each, were given a habeas corpus hearing in court today and released upon furnishing a bond of $10,000 for the entire party, Hon. John T. Lenahan, counsel for the prisoners, furnishing the bond. Immediately after their release the deputies took a train for Duryea, where, it is said, they will go on duty again.

TROOPS NOT NEEDED.

Shenandoah, Pa., Aug. 15.—Brigadier General Gobin is in close touch with the situation at Duryea, where there was considerable disorder yesterday. He is prepared to send troops there at short notice if they are needed. He says he has not heard from the sheriff, but received a telegram from the president of the town council of Duryea that troops were not needed. Reports received at headquarters today show the region to be very quiet.

August 15, the feast of the Assumption, is a church holiday in the coal regions. All the Catholic churches hold exercises. The mine workers generally and their families either go visiting or hold large picnics. Owing to the strike and consequent lack of money, the day was not so well observed as in former years. The largest picnic grounds in this vicinity are now occupied by the troops.

SENATOR M'MILLAN AT REST

FUNERAL OF STATESMAN HELD IN DETROIT.

Distinguished Company of Senators in Attendance—Services are Simple.

Detroit, Mich., Aug. 15.—Extreme simplicity marked the funeral services this afternoon over Senator James McMillan, who died suddenly last Sunday at his summer home in Manchester, Mass. The services were as the dead man would have wished, without ostentation or display. It had been proposed that his thousands of employes should march in procession behind the hearse bearing his body to the tomb; that there should be a military escort and a public funeral commensurate with the senator's career. In obedience to the wish of the family, however, this was given up and the simplest of ceremonies held.

The senatorial delegation included some of the most intimate friends of the dead senator. It was made up as follows:

Senators Hanna, Ohio; Foraker, Ohio; Kean, New Jersey; McComas, Maryland; Allison, Iowa; Lodge, Massachusetts; Burrows, Michigan; Fairbanks, Indiana; Cockerell, Missouri, and Gallinger, New Hampshire. The District of Columbia, in which Senator McMillan was so deeply interested, was represented by District Commissioners McFarland and Biddle.

SITUATION IN VENEZUELA.

Washington, Aug. 15.—The only information from Venezuela received by the authorities here today was contained in a cablegram from Commander Rodgers, of the Marietta, merely announcing his arrival at La Guaira. He reported yesterday from Port of Spain the results of his trip up the Orinoco.

Minister Bowen, in a cablegram to the state department yesterday, was solicitous for the presence of an American warship at La Guaira. The arrival there of the Marietta probably will relieve his anxiety.

WILL DIRECT DEDICATION

COUNTY COMMISSIONERS NAME EXECUTIVE COMMITTEE.

Col. R. S. Robertson Will Be Invited to Deliver Historical Adress—Talk on the Program.

Without official information from Washington confirming the dispatches announcing that President Roosevelt will be in Fort Wayne on September 23, the board of county commissioners regards that date as practically determined upon for the dedication of the court house, and today gave out the executive committee selected to have general direction of the preparation for the event.

The committee is composed of Alexander Johnson, Samuel M. Foster, W. P. Breen, S. B. Fleming, Ben Lehman, Capt. A. H. Dougall, Fred M Smith, James M. Barrett and the members of the board of commissioners. Formal notice of appointment is to be sent to the committee members very soon, and in the informal talks regarding the program it is contemplated that this committee will be in general charge of the event, naming several sub-committees to carry forward various parts of the work.

The commissioners do not favor a large number of speeches on such an occasion. Hon. W. Bourke Cockran, as has already been announced, will deliver the principal address, and it is probable that Col. R. S. Robertson will be invited to deliver the only other address, which will be of a historical character.

It is regarded as quite probable that Governor Durbin and his staff may desire to accompany the presidential train to Fort Wayne, but there is likely to be no difficulty in securing the judiciary and other distinguished men of the state for the dedicatory ceremonies, which will undoubtedly be held in the afternoon.

The commissioners, though powerless to appropriate public funds for such a purpose, would be greatly pleased to have the citizens of the city and county arrange a luncheon or banquet in honor of the distinguished guests on that day, and it is believed citizens will willingly take up the matter and provide an entertainment of this character. It will add greatly to the good opinion of Fort Wayne which the distinguished visitors will carry with them to their homes at the close of the dedication.

The executive committee will hold its first meeting Monday morning at 10 o'clock to begin formulating plans for the dedication, naming subcommittees and looking after other details in connection with the event.

POSTOFFICE DYNAMITED.

East Palestine, Ohio, Aug. 15.—A gang of robbers early this morning dynamited the postoffice safe here and secured $600 in cash and about $600 in stamps and stationery. The noise of the explosion aroused the citizens and an exchange of shots took place, but the robbers escaped with their booty. A posse is in pursuit of the robbers.

COLORED PUGILIST SLAIN.

Custer City, S. D., Aug. 15.—Roy Streeter, a colored lightweight pugilist of some local note, was shot and instantly killed on the street by another pugilist, John Gorman, better known as "Kid Hogan." The men met and renewed a former quarrel and Gorman emptied the contents of a shotgun into Streeter's body. Gorman is under arrest.

Rev. W. L. Wones, of Wolcottville, is in the city.

UP TO THOMPSON

IS EXPECTED TO CLEAR UP BARTHOLIN MYSTERIES.

A BREAKDOWN LOOKED FOR

THE MISSING EDWARDS NOW IN CHICAGO.

TELLS STORY TO POLICE

THOMPSON MAKES ADMISSIONS TO REPORTER.

Chicago, Aug. 15.—The police have today announced no new developments in the Bartholin murders.

Oscar Thompson, who is held under suspicion of complicity in the crimes and who last night made a confession to Inspector Hunt, in which he admitted all the police charged him with knowing and doing and then promptly declared he had merely been lying, has been "sweated" again today, but with what result is not given out.

The police, however, believe Thompson's complete break-down and confession of knowledge of and part in the tragedies is not far away.

EDWARDS IN CHICAGO.

Milton L. Edwards, one of the former roomers of Mrs. Anne Bartholin and a new witness who the police think will prove valuable in clearing up the mystery in the murders of Mrs. Bartholin and Minnie Mitchell, arrived in this city early today from Denver and at once placed himself in the hands of the police. Edwards was exceptionally well dressed and in practically no detail resembled William J. Bartholin, who is wanted to explain the deaths of his mother and sweetheart. He was frank in his statements, showed no signs of nervousness and said his action in coming to Chicago was entirely voluntary. To a representative of the Associated Press, he made the following statement:

"I have been very free to discuss the little I know about this case and I think I have told about everything that is materially of value. I am now in the hands of Chief O'Neill and inasmuch as the police have paid my expenses here I feel that I hardly should say more. I barely know Thompson and have spoken to him only three or four times. I never was a doctor or a hypnotist and could not possibly have put Thompson under any influence as he irrationally stated. I have already said that I thought things were queer at the Bartholin home and that is the reason I left there. I have a few things more to tell the chief of police, but the public must wait until the chief speaks. I saw Bartholin kissing a woman in the house, but what bearing that may have on the case I do not know. I am willing to tell the police everything that may be of value to them, but I hope I may soon be out of this disagreeable business. I had hoped my name would not be drawn into the affair."

EDWARDS EXAMINED.

Edwards was cross examined both by Chief of Police O'Neill and by Inspector Hunt, who is directly in charge of the murder investigation. Practically nothing new was elicited by the questioning. Edwards told in the same straightforward manner, as he had to interviewers, what he remembered of suspicious actions about the Bartholin house, of his fear that Mrs. Bartholin had been murdered, and his fear for his own safety if he stayed longer in the house. The story was repeated how he had been awakened by the howling of a cat, of how he had seen Thompson leaning over his bed one night and how Thompson had explained his presence in Edwards' room by saying he thought William Bartholin was sleeping there.

Edwards met Thompson today in company with the police. The men nodded to each other, but said nothing. Thompson was questioned by Inspector Hunt again, but reiterated his former statements that his mind was a blank on the night of the supposed Minnie Mitchell murder.

WHAT THOMPSON ADMITTED.

Oscar Thompson late last night admitted to a newspaper man, that he no longer denied the story of Mrs. Tallerday, who makes the charge that he and "Daddy" Claffy and a man supposed to be William Bartholin were quarreling under the window at 4 o'clock in the morning after Minnie Mitchell disappeared; and that with them was Thompson's laundry wagon, in which it is supposed the murdered girl's body was carted to the prairie at 74th and State streets.

"I turned in my laundry wagon at the Aagaard stables the night Minnie Mitchell was killed about 8:30 o'clock," he said.

"I stopped and had several drinks at Clancy's saloon and then I went to the house in Calumet avenue. It must have been about 10 o'clock when I reached there.

"I met Bartholin in the house. I do not know what happened there. I went to my room, and after that I cannot say anything as to what transpired in the house. I may have been drunk or I may have been drugged; I do not know.

"Whatever I did I do not know. I do not deny now that I went out with him, but I cannot remember. Whatever I did he made me do. I may have gone with him in the wagon, as this woman says she saw me with the wagon in the street the next morning. If I was there it is all a blank to me."

HE CONDEMNS THE JUDGMENT

COUNSEL'S VIEWS OF GAYNOR-GREENE DECISION.

Donald McMaster, Counsel for United States, Speaks Out Against Judge Caron.

Montreal, Que., Aug. 15.—Donald McMaster, K. C., leading counsel for the United States, today gave out the following statement in reference to Judge Caron's judgment in the Gaynor-Greene case:

"In my opinion the judgment is bad and the reasons in support of it worse. The judgment is in effect a snap judgment, without an opportunity for counsel being heard upon the whole case.

"The first ground of the judgment is that the warrant issued by Judge Lafontaine for the arrest of the prisoners does not contain the date of the commission of the crime."

Mr. McMaster considers this a most extraordinary reason, as he holds the warrant to be in the words of the form prescribed by the statute. According to him the date in the warrant was not at all necessary, neither by the form of the statute nor by the express terms of the extradition act.

"But suppose that the date were required in the warrant of arrest," he continues, "which it certainly is not, once the prisoners are brought before a judge or justice the date in the warrant becomes absolutely immaterial.

"On the whole, I am unable to conceive how this judgment under such circumstances could be rendered. The authorities submitted on behalf of the United States government do not appear to have received any consideration; neither does the judgment of Justice Andrews. It is either ignored or lightly brushed aside. That judgment was res judiciata. Justice Caron was absolutely bound by its terms upon every principle underlying the administration of justice."

GOING AT TERRIFIC SPEED

FAIR AUTOMOBILE WAS OUT OF REPAIR.

Chauffeur Says They Were Trying to Stop Machine When the Accident Occurred.

Paris, Aug. 15.—The bodies of Mr. and Mrs. Charles Fair, who were killed in an automobile accident yesterday near Evreux, were embalmed and placed in coffins today, after which they were shipped to Paris, whence they will be taken to San Francisco.

The chauffeur said today that before the accident he noticed the tire of the left hind wheel of the machine was deflated and that the rim of the wheel was rubbing on the ground. He told Mr. Fair, who tried to stop, and the accident followed. Peasants who saw the automobile say it was going at such a terrific pace at some points that it was impossible to distinguish its color. The firm that sold Mr. Fair the automobile last June says he paid $12,000 for it and ordered another at the same price, to be of sixty-horse power. The second machine was almost ready for delivery.

Mr. Fair was passionately fond of automobiling and never missed a day on the road. Several times he attempted to beat the one-hour record.

Mrs. Metcalf, of Leo, who underwent a severe operation at St. Jospeh hospital yesterday is improving nicely. The patient is under the care of Dr. W. H. Myers.

APPEAL TO STAND

HENRY ROTHSCHILD BEFORE STATE TAX BOARD.

WANTED APPEAL DISMISSED

COUNTY BOARD RAISED HIS ASSESSMENT TO $10,000.

NOW SAYS HE WILL STAND IT

HE ADMITS HIS RETURN WAS TOO SMALL.

(Special to The Sentinel.)

Indianapolis, Ind., Aug. 15.—Henry Rothschild, a well known capitalist and money-lender, of Fort Wayne, was brought before the state tax board on subpoena this morning to testify in his appeal from the Allen county board of review, which raised his tax assessment from $1,150 to $10,000.

He was accompanied by Former Supreme Judge Walter Olds, as attorney, and declined to answer questions on the value of notes and mortgages held by him.

Judge Olds said such testimony would tend to incriminate his client, who he said found he had made a mistake.

Judge Olds asked the board that the appeal be dismissed, saying that Mr. Rothschild would gladly accept the assessment of $10,000 made by the Allen county board.

The state board declined to dismiss the appeal.

HE ADMITTED IT.

This afternon Rothschild admitted to the state board that he held $9,650 worth of notes and mortgages when he made his return of $1,050. County Assessor Eggemann, who was present at the examination, said that $6,000 will be added to the original assessment as back taxes.

INSTITUTE WILL BE LATER

COUNTY TEACHERS' MEETING DEFERRED UNTIL MIDWINTER.

Under New Plans County Superintendent Expects to Bring Best Instructors to Fort Wayne.

The annual institute of Allen county teachers, which in the past has usually been held the first week in September, has been deferred some months, and while it has not yet been possible to fix the exact date, it will probably not be held until mid-winter.

Superintendent Young will have the active co-operation of Superintendent Study, of the city schools, in the direction of the meeting this year, and it is designed to bring to Fort Wayne the ablest instructors in America. Men of this type cannot be secured at this season for the reason that their time has been contracted for months ago. Under these circumstances it has been thought best to defer the institute until mid-winter, probably during holiday vacation.

An effort will be made to secure Dr. W. F. Harris, of Washington, the United States commissioner of education, as one of the instructors. A new plan is also adopted to raise funds for holding the institute. Instead of making an assessment upon teachers at the time of examination, the teachers in the rural districts will now be assessed an amount equal to one day's salary. The city schools will provide a like sum, which is to go into the institute fund.

EXCEED APPROPRIATIONS.

Washington, Aug. 15.—Bids were opened today by the acting postmaster general for the rental of pneumatic tube service in Boston, New York, Brooklyn, Philadelphia, Washington, Chicago and St. Louis, several of the bidders or their representatives being present. The bids greatly exceed the appropriation of $500,000 granted by congress to be used for this purpose for the fiscal year 1903. It was announced after the opening that no awards would be made at present, as it will be necessary to make some adjustment among the different cities in order to come within the appropriation.

WILL CONSIDER IT THURSDAY.

The consideration of the proposed grading of Fourth street and the construction of pavements between Harrison and Clinton streets, postponed from last night's meeting of the board of works until this afternoon, has again been postponed. Attorney Doughman, representing the Lake Shore company, appeared before the board this afternoon and stated that the time for the preparations of his objections and the company's position with regard to the improvement was too short to enable him to make a satisfactory presentation today, and therefore he requested that the entire matter be deferred until next Thursday night, at the regular session. Member Doehrmann is out of the city and the other two members of the board, Messrs. Eggemann and Zollinger, agreed to the postponement.

A NEW FASHION IN CHINA

OLD TRICKS OF EXTORTION NOT TO BE TOLERATED.

Some Features of the Decree Commanding Collection of Money to Pay Indemnities.

Washington, Aug. 15.—Minister Conger, at Pekin, has transmitted to the state department the imperial decree concerning the raising of funds in the several provinces for the payment of indemnity exacted by the powers as a result of the boxer uprising. The decree directs that there shall be no extortion and that the people must not be irritated. The viceroys are commanded to do away with what will cause friction and needless severity. The decree declares that if any are "found out in their old tricks" and "filling their own pockets" they will be severely dealt with.

Minister Conger also sends a proclamation of the viceroy of Chi-Li, in which the people are warned against carrying arms. Reference is made to the boxer troubles and the viceroy says old scores must not be raked up. "The people and the Christians must not retaliate against each other," concludes the proclamation, "but forever be at peace with each other. Tremble and obey!"

J. W. GATES GIVES $500 TIP.

Saratoga, N. Y., Aug. 15.—Oscar, he of the Waldorf-Astoria, has reason now to turn green with envy. Until yesterday he held the record for "pulling off" big tips, but through the instrumentality of John W. Gates, Oscar is dethroned, and a heretofore obscure waiter has been boosted into the horizon of high-class tip-grabbers. He is Gustav Bauman, until noon yesterday a waiter at the United States hotel.

When John W. Gates, who was served by Bauman, finished his luncheon the magnate beckoned to Bauman, and slipping a bill from his ponderous wallet, flipped it toward the waiter. Bauman caught it on the fly, and then fainted—at least he paled and sank into a chair. A $500 bill was clutched in his nervous grasp.

"All for me," he murmured.

Instantly he gave up his job, threw off his apron, ordered a bottle of wine, and when last heard of was driving in a stylish rig toward the race track. Mr. Gates only smiled when asked about the tip.

MAY COME TO AMERICA.

Rome, Aug. 15.—Members of the religious orders expelled from France, especially sisters, are applying to the Vatican authorities for permission to settle in the United States. Several of them have come to Rome personally for the purpose of urging their requests. A reply has been sent to them pointing out that there are no vacancies in the United States, and besides calling attention to the difficulty arising from the fact that the expelled sisters do not speak the English language. Canada has been suggested as a better field, as sisters are comparatively scarce there and because French is spoken in a large area of the dominion. The applicants, however, do not take kindly to the suggestion and persist in their request to go to the United States.

CORBIN VISITS PRESIDENT.

Oyster Bay, L. I., Aug. 15.—The president had as his guests at luncheon today Maj. Gens. H. C. Corbin and S. M. B. Young, Henry Loomis Nelson, the author; Jacob A. Riis, of New York; Robert A. Morris, chairman of the New York county republican committee; former Governor David A. Francis, president of the Louisiana Purchase exposition, and Henry M. Warren, of Philadelphia. Generals Corbin and Young are en route to Germany to witness the fall manoeuvres of the army. They called on the president to pay their respects before sailing.

DEATHS AND FUNERALS.

TEGTMEYER.

Frederick Tegtmeyer, for many years a resident of Fort Wayne, died Wednesday night at his home, 315 West Williams street, at the advanced age of 72 years. Mr. Tegtmeyer had been in feeble health for several years, and during the past six months had been suffering from cancer of the stomach, which caused his death.

He was born in Lahde, Minden, Germany, came to America at the age of 18 and settled in Baltimore. Two years later he went to Pennsylvania and afterwards to Toledo, where he was united in marriage to Miss Catherine Keyser. From Toledo Mr. Tegtmeyer came to Fort Wayne nearly fifty years ago.

Arriving in Fort Wayne by way of the old Wabash and Erie canal Mr. Tegtmeyer obtained employment with George Jacoby, where he remained twelve years. Fourteen years service with Heard, Humphrey & Co. followed, and then he obtained a place with the Horton Manufacturing company, remaining until he retired from active labors in 1891. Mr. Tegtmeyer was a lifelong member of the Lutheran church, an exemplary citizen and leaves many friends. Surviving relatives include the widow and four children—C. F. Tegtmeyer, of El Paso, Tex., William C. Tegtmeyer, Mrs. L. Affolder and Mrs. Sadie G. Keller, of this city.

Funeral services will be held Friday afternoon at 1:30 from the residence and at 2 o'clock from Emmaus Lutheran church, Rev. Wambsganss officiating.

REDDING.

Mrs. Mary J. Redding, who died August 11, at the age of 58 years, was born in Columbiana county, Ohio, September 13, 1844, and came to Indiana with her parents, Mr. and Mrs. Crawford, when but a child. On August 10, 1865, she was united in marriage to Jacob Hiser. Seven children were born as a result of this union, six of whom survive. About five years ago she was united in marriage to Orris Redding, who, together with two brothers and three sisters, also survive her.

FUNERAL ANNOUNCEMENTS.

Sprecht—The remains of Frank Sprecht, who died yesterday at his home, 40 Glasgow avenue, will be shipped to La Otto, Noble county, Friday afternoon. The interment will occur at Ege.

BUTTER CONTRACT AWARDED.

The board of trustees of the feeble minded institute has awarded the contract for supplying the institution with 6,000 pounds of butter for the next three months to Otto Diedrichs, of Chicago. The firm will furnish what is known as extra Elgin creamery butter, the contract price being twenty cents per pound, delivered. Heretofore butterine has been used exclusively, 24,000 pounds per year being consumed. There were two other bidders—Swift & Co., twenty-four cents, and the Elgin Creamery Co., Elgin, Ill., twenty-three cents. It is stipulated in the contract that the butter must be up to the standard required by the officials, or it will be held here subject to the firm's orders, while the trustees of the school will purchase butter at the home market, the contracting firm to pay the difference.

Sugar Isn't All Alike,

OUT FOR SHEPARD

GRIGGS BOOMS BROOKLYN MAN AS NOMINEE IN 1904.

SAYS HE COULD BE ELECTED

CHIEF OF CONGRESSIONAL COMMITTEE TALKS.

A CONFERENCE IN NEW YORK

BRYAN DEFINES HIS POSITION AS TO PRESIDENCY.

New York, Aug. 15.—"For president in 1904, Edward M. Shepard," is the nomination made in conversation with democrats at the Hoffman house yesterday by James M. Griggs, chairman of the democratic congressional committee, who is conducting an energetic campaign by which the democrats hope to capture the next congress.

Chairman Griggs arrived in town yesterday morning to confer with eastern democrats concerning the fall campaign. Among those he came here to see were the Tammany triumvirate, Mr. Shepard, the Brooklyn leader, and the New York city congressmen. Mr. Griggs called during the day at Mr. Shepard's office and talked with a number of Tammany leaders.

GIVES VIEWS OF SHEPARD.

"I regard Mr. Shepard as one of the ablest and strongest of our national leaders," said Mr. Griggs. "I consider him the most promising in connection with the future leadership of the party. While it is a long while in advance for predictions, I regard him as a most likely man for the democratic nomination in 1904.

"I have the warmest admiration for Mr. Shepard. He is a statesmanlike and intellectual leader and one who has always been regular as regards the party organization.

"Whatever his individual views may have been, Mr. Shepard voted the regular ticket in both the last two national elections and he has always been true to his party. He is now taking a most active and intelligent interest in its affairs, is giving it the benefit of his splendid judgment and advice and is most anxious to see it succeed.

DEMOCRATS ADMIRE SHEPARD.

"His splendid services to the party in this state and his brilliant campaign for mayor last fall have attracted the attention of democrats all over the union, and they are looking to Mr. Shepard as a man of the future, one who is broad, able, statesmanlike, young and without antagonism. He has the confidence of all and would be a man for the party to be proud of."

Chairman Griggs declared also that he meant no disparagement of any of the other able democrats whose names have been mentioned as possibilities for the democratic presidential nomination. What he said was merely the informal expression of his personal opinion. His personal contact with Mr. Shepard had confirmed his previous high opinion of the Brooklyn leader's abilities.

EXPECTS TO WIN THIS FALL.

Chairman Griggs is confident the democrats will win the next congress. He said that those who were estranged from the party in 1896 and 1900 had come back and would vote with the party this year. Those who talked with him assured him that the democrats would gain six congressmen in New York state, two of them in Brooklyn. The latter is Mr. Shepard's own estimate.

"The prospect for democratic success is most favorable," said Mr. Griggs. "The issues, of course, are imperialism and the tariff and trusts. Which is the paramount issue it is not necessary for me to say. The voters themselves may decide. The attitude of the republican party on the questions has aroused the entire country. The republican congress after an extended session did nothing with the trust question, but after congress adjourned the president was a valiant fighter of them."

BRYAN OUTLINES HIS PLANS.

Lincoln, Neb., Aug. 15.—In answer to a direct question whether he will be a candidate for president in the next campaign, W. J. Bryan has sent the following letter to the editor of the New Orleans Times-Democrat:

"I shall not be a candidate for the presidency in the next campaign, and, I may add, I have no choice beyond the desire to see some one nominated who was loyal not only to the ticket, but to the platform in 1896 and 1900, and who, if elected, could be trusted to stand by the people in their struggle against organized wealth.

"While no one can look very far ahead or foresee the contingencies that may arise, I have no plans looking to a renomination at any future time.

"I am deeply interested in the reforms for which I have been contending and shall continue to advocate them. I am content to do my work as a private citizen, and am sure that I find more pleasure in my present position than I would be in the distribution of patronage.

"If I ever again become a candidate for the presidency it will be because I am convinced that I can in that way give more effective aid to the cause in which I am enlisted for life, and I am not anxious to be convinced. I cannot say more without prejudging events."

BIG DEAL IS COMPLETED.

The final details in the Lawton Place Improvement company's deal for the improvement of the tract of land known as the Barnett property, east of Spy Run avenue, were completed yesterday, when the last deeds for the land arrived from the west, were duly acknowledged and recorded and the final payment of $10,000 in cash was paid over by the incorporators. A new plat of the property is being prepared and will be filed as soon as completed and then work will be commenced immediately by the company, much of the grading being expected to be completed this fall and by spring everything will be in shape to push the erection of houses. The entire deal was engineered by Gregg Davis and it is probably the most pretentious land transaction made in the city this year.

HOLY DAY CELEBRATED.

The feast of the Assumption was celebrated in all the Catholic churches of the city today with special services. At the Cathedral Rev. Reilly, of Chicago, celebrated solemn high mass at 9 o'clock. The festival is observed in celebration of the miraculous ascent of the Virgin Mary into heaven and rests upon a purely traditional account of the ascent, first recorded by Gregory of Tours. The time of the festival was first fixed in the eighth century. It is celebrated in both the Roman and Greek churches.

Mothers, be sure and use Mrs. Winslow's Soothing Syrup for your children while cutting teeth. It is the best remedy of all. my8-eod-w

BOARD OF WORKS MEETING

SIDEWALK BUSINESS TAKEN UP BY THE BOARD.

Lake Shore Road Asks for Time in Fourth Street Improvements —Routine Matters.

The board of works met in regular session last night and transacted a small amount of routine business, the principal item, that of building sidewalks on both sides of Fourth street, from Harrison street to Clinton street, being carried over to an adjourned session this afternoon. The city engineer was instructed to prepare plans for the improvement several weeks ago and it contemplates the grading of Fourth street as opened through the Lake Shore company's property lying east of the Lake Shore tracks. The entire expense of the improvement will fall upon the company and Mr. Doughman, representing the railroad corporation, asked that the laying of sidewalks be postponed; the grading of the street was not so much objected to. The board agreed to defer action until today, when the matter will again be taken up.

Judge Aiken presented himself to complain of the almost intolerable dust which is a continuous nuisance on St. Joe boulevard. He asked whether the street could not be graveled and the nuisance thus be at least partly abated. The board agreed to give the request prompt attention.

A petition to construct an alley sewer to drain the new Noble factory on Hayden street was filed and William Waikel was granted a permit to lay a cement sidewalk on Superior street, between Fairfield avenue and Fulton street, by private contract. The following improvement resolutions previously passed were then confirmed:

For the construction of sidewalks on the south side of St. Martin's avenue, from Lafayette street to Warsaw avenue; on the east side of Cass street, from Wells to First street; on the south side of Fifth street, from Ganser's addition to Barthold street, and relaying the sidewalk on the west side of Force street, from Buchanan street to Foundry addition; for grading Simon street, from Winter street to Walton avenue; for grading Fletcher avenue and laying sidewalk on the east side from Wabash avenue to Wayne trace, and for grading Lanternier street, from Winter street to Walton avenue; for the construction of a clay pipe sewer in the alley east of St. Mary's avenue, from the alley between High and Sinclair streets to Third street, and in the alley between Sinclair and Third streets, from the alley east of St. Mary's avenue to the east line of Bass & Hough's addition.

CITY HALL NOTES.

A second case of diphtheria has been reported at No. 2111 Smith street.

The city comptroller started to collect the assessments for the Columbia street pavement on August 8 and so far has met with rather indifferent returns. The bonding of the assessments will expire August 22 and up to date but two pieces of property have been bonded. This, he says, indicates that there will be very little bonding done there on the contract just completed.

Frederick Pagel r has been granted a permit to build an addition to his store at the corner of Lewis and Hanna streets, at a cost of $800; Mr. Dragoo to build a dwelling house on Oliver street, to cost $1,500, and Barteneck & Nassenstein to build four houses on Wabash avenue, to cost $2,200 each.

The Wabash city council will visit Fort Wayne in a body next week and as soon as the date is fixed the Fort Wayne fathers will arrange to give them an appropriate and fraternal reception. The Wabashians will come as the guests of Manager Nelson, of the Southwestern traction company.

BRING REMAINS HERE.

The remains of Jeannetta F. Walton, 20 years of age, were brought to Fort Wayne over the Lake Erie and Western railroad at 2:30 o'clock this afternoon and were taken direct to Lindenwood for interment. The girl committed suicide yesterday by shooting herself through the heart with a revolver at Noblesville, Ind., where she was an inmate of a house of ill-repute. The Walton girl has been in police court frequently in this city during the past two years, the last time being in March when she received a twenty-one day sentence. Soon after being released from jail she went away and the next intelligence received from her conveyed the information of her suicide. Her father is Horace Walton, at present an inmate of the soldiers' home at Marion, but formerly a resident of this city.

LITTLE EFFECT HERE.

Fort Wayne national bank officials have read with some interest the federal decision providing that banks must pay a special tax upon undivided profits, as well as on surplus under the repealed war revenue act, but it is stated that the item will not affect local banks extensively, for the reason that the undivided profit fund is not permitted to reach a large figure. One of the officials stated this morning that he believed $40,000 would cover the total undivided profit fund in the national banks in this city. The tax on the surplus has already been paid.

JUDGE CHAPIN IS ACTING.

Owing to the absence of Judge John H. Baker from his district, the referee, Judge A. A. Chapin, of this city, is acting in the adjudication of bankruptcy petitions which in the ordinary course of procedure would be first submitted to the federal judge.

One new bankruptcy petition was filed today—that of Milton R. Kime, a fireman residing in this city, who says he owes $4,467.38, and can find but $172 with which to pay it. Charles W. Porter is his attorney.

ENTER BUSINESS HERE.

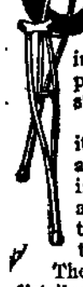
The Fort Wayne Employes' Credit company is the name of a new organization just effected by Huntington men, and it will embark in business in Fort Wayne next week. Offices are to be opened in room 4 of the Schmidt block, and the manager will be O. W. Lake, until recently agent of the Wabash at Huntington. Mr. Lake was formerly agent for that company at New Haven. The company will loan small amounts to salaried people.

EXPECT A GREAT CROWD.

Tomorrow the annual field day exercises of the Fort Wayne Caledonian society will be held at the Huntington fair grounds, and indications point to a very large attendance. The Caledonians selected the interurban line as the official route, and Auditor Stephens is preparing to handle a big crowd.

Miss Blanche Study entertained a company of friends this afternoon in compliment to her guest, Miss Wilde, of St. Louis.

CRUTCH-BOUND



The crutch is a poor substitute for legs, and affords a very inconvenient and tiresome mode of locomotion—there is no more pathetic sight than a person slowly and painfully moving along the street supported by these artificial limbs.

When Rheumatism settles in the bones and muscles of the legs, it is safe to predict that the victim will eventually become helpless and crutch-bound. The corrosive, irritating matter that is deposited in the joints and muscles causes the most intense pain, the knees and ankles swell, and when the natural oils and fluids that lubricate these parts are completely destroyed the joints become locked and the muscles drawn and stiff, and crutches a necessity.

The acid poisons that produce rheumatic pains form in the blood, and are distributed through the system, and lodged in the arms, shoulders, hands, back and feet, or other parts of the body—resulting often in total disability. A permanent cure of Rheumatism can be effected only by a complete cleansing of the blood, and no other remedy so surely accomplishes this as S. S. S. It neutralizes the acid effects, purifies and invigorates the stagnant blood, and the gritty particles are washed out or dislodged by the new rich blood, and relief comes to the pain-racked sufferer. S. S. S. leaves no morbid, irritating matter in the blood to reunite and produce another attack, but expels every atom of it from the system. S. S. S. is a purely vegetable remedy, and does not impair the digestion or general health like alkali or potash remedies.

FOUGHT FOR THE UNION.

A recent issue of the Notre Dame Scholastic, the organ of that college, gives a sketch of the "Continental Cadets," a company of students of Notre Dame who achieved fame in competitive drills all over the United States. The company volunteered during the civil war and served for three years, many of the officers and privates rising to high rank. J. C. Peltier, A. J. Stace, J. H. Cody and John H. Fleming, of this city, were members of the company, the three former being still living.

INSTRUCTOR IS APPOINTED.

Prof. Robert Nohr, of Milwaukee, was appointed supervisor of physical culture of the public schools of the city at a special meeting of the school board last evening. Dr. Nohr was formerly instructor in physical culture in the public schools of Cincinnati and has been at the head of the Northside Turnverein in Milwaukee. He will inaugurate the system of the American Turnerbund, which is now used in many cities in the United States. Prof. Nohr succeeds Mrs. Ormsby, who resigned this spring.

CITY COUNCILS COMING.

Next Wednesday General Manager Nelson, of the Southwestern, will bring the city councils of Huntington and Wabash to Fort Wayne over the interurban line. The trip is for the purpose of giving the officials an opportunity of inspecting the entire interurban system.

Miss Agnes Martz has returned from a visit at Decatur.

Increased Facilities,

due to an enlarged business, have enabled us to more than double our output of A-1 "Silver Dollar" and "Hungarian Process" flours. You will find no brands in your grocery stores that will excel these flours. It is for you to decide and order these flours, and if you will we guarantee you will find no other flours to suit you as well for all household purposes. Try the "Hungarian" or "Silver Dollar" flour. A home product.

Miss Rose Nolan and Ed Preston were awarded first prizes, and the consolations were given Miss Mary Falvey and Cliff Moran. Miss Cunningham, who is an accomplished musician, delighted the guests with her charming vocal and instrumental selections.

[illegible] OCEAN IN A LAUNCH.

London, Aug. 15.—The London Chronicle correspondent at Falmouth telegraphs that Captain Newman and his son, Edward, arrived there last night, having crossed the Atlantic in a thirty-eight-foot launch. They had some terrible experiences on the voyage, having encountered a succession of heavy gales, in one of which the kerosene tank was smashed and the launch was flooded with oil, after which the voyagers lived in constant fear of an explosion. The boat rode out the gales finely and the engine worked well. Every Sunday, sometimes in gales, the couple held divine service. The food held out well. His sufferings told severely on Newman, who looks like an old man, but the boy, though ill for a time on the voyage, now seems none the worse.

GREAT HIGHWAY IS PLANNED.

South Bend, Ind., Aug. 15.—The New York and Chicago Road association has been formed to promote the building of a short cut highway from New York to Chicago. The idea of the association is to reduce the distance of 987 miles to 850 miles and put the roads in good condition. The association is composed of representatives of the automobile, cycle and road-making associations. Col. A. A. Pope is president. The committee representing the association is in South Bend looking over the roads leading out of the city. Their intention is to have the road run through Newbury, N. Y.; Binghamton, N. Y.; Elmira, N. Y.; Horning, N. Y.; Jamestown, N. Y.; Conneaut, Ohio Cleveland, Ohio; Sandusky, Ohio South Bend, Ind., and Hammond Ind.

FEAR FOR EUROPEANS.

Bangkok, Aug. 15.—Great anxiety prevails here because no telegrams have been received from Europeans in the north since nine days ago when the Shans attacked Lakon and were repulsed. The telegraph line is open. Official reports are reassuring.

Later—French troops, after a record journey, occupied Phrae and it is reported the Shans were defeated with a loss of 200. The danger is believed to be over and the Europeans are unmolested.

BARTEL—HARTSHORN.

Miss Frances Hartshorn, daughter of Mr. and Mrs. Salem J. Hartshorn was united in marriage last evening to Robert Bartel, of Detroit. The wedding occurred at 8 o'clock at the bride's home, Rev. E. W. Allen officiating. The bride wore a pretty wedding gown of white batiste. The house was decorated with ferns and sweet peas. At the wedding supper only the relatives and intimate friends of the couple were present. Mr. and Mrs. Bartel leave for Detroit Sunday, where they will reside.

HAVE SOMETHING TO SHOW.

Dr. L. B. Davis and Prof. T. L. Staples have returned from Michigan, where they spent a few days fishing in the Kalamazoo river. They brought with them 115 small-mouth bass, ranging from one to four pounds, and three six-pound pike, and the catch is on exhibition at the Royal Palm cafe. Dr. Davis gave twenty-five bass to friends in Kalamazoo. The catch is undoubtedly the best ever made by Fort Wayne fishermen in two days.

COLLIDED WITH A TREE.

New York, Aug. 15.—A serious automobile accident has just occurred near Bourg-En-Bresse, says a Herald cable from Aix-les-Bains. M. Maurice Dollfus and his mother, wife of the well known stock broker, collided with a tree. Mme. Dollfus had a leg and an arm broken and the automobile was completely smashed. M. Maurice Dollfus and the chauffeur were uninjured.

Out Lots
I now offer the 120 acres on Walton avenue immediately south of the Lutheran college land, price $24,000 for the entire tract, $200 per acre, which will retail out at $400 per acre. Good opportunity to double your money. Terms easy, small payment down, long time on remainder. When we cleared off the very heavy timber on this rich land, many years ago, 900 thrifty young shade trees were left for outlot purposes, all of which are still there and growing. The population of Fort Wayne is steadily increasing and a still more rapid growth is now about to develop.

hination of reasons that fully justify some measures to bring the anthracite war to an end. The laws and the judges that are powerful enough to suppress the miners surely are powerful enough to protect the public.

If it did not relate to one of the most grewsome and revolting crimes of recent years, the conduct of Thompson, held by the Chicago police in connection with the Bartholin murders, would be amusing. After being repeatedly in the police "sweatbox" he finally made confession of all the officers wanted him to admit, and then straightway informed his inquisitors that all he had admitted was untrue; that he had confessed merely to oblige the police. It was a grewsome joke, but it showed a bit of genius.

Santos-Dumont has sailed away to France without so much as flapping his wings, much less spreading them for flight. The Aero club, in New York, is perplexed by the aeronaut's sudden flight, which is a quite different kind of performance from that they had arranged for. The Brazilian says he cannot fly without money, though from all accounts the Aero club had been furnishing cash for expenses of preparation. It looks somewhat as though M. Santos-Dumont had been playing what certain men of ungodly practices would term a "four-flush." Or is he just advertising himself by displays of pettishness a la prima donna?

Chairman Griggs, of the democratic congressional campaign committee, has picked his candidate for the presidential nomination in 1904 and his choice will attract attention, not because he has brought forth a hitherto unmentioned man, for he does not, but because it is a very good choice. Chairman Griggs believes the strongest man the democrats can nominate two years hence is Hon. Edward M. Shepard, of Brooklyn, who was the democratic nominee for mayor of Greater New York in the campaign a year ago. There can be no discounting of Mr. Shepard's abilities or his high character. He has the qualities of leadership and is of presidential caliber. No democrat in the east has a better standing. His political and civil training was gained by intimate association with the late Samuel J. Tilden. He is scholarly, intellectual and courageous. While making his canvass for the New York mayoralty he did not hesitate to denounce the abuses committed by the Tammany hall organization in the Van Wyck administration, notwithstanding he himself was in effect the Tammany candidate. If the next democratic presidential nominee comes out of the east a long hard hunt will be made before a better or stronger man is found.

SHOT BY WIFE'S LOVER.

Knoxville, Tenn., Aug. 15.—Authentic details have been received of a desperate affray in which three young men and a woman, all of them prominent in Scott county, Tenn., were involved, and which resulted in the death of one and the possible death of another. For some time past Whig Duncan, a nephew of Rev. Whig Duncan, a Baptist minister, had been suspected of being too attentive to the wife of Jarratt Trammell. Trammell and his brother, Mart Trammell, returned to the former's home somewhat unexpectedly, and upon attempting to enter Mrs. Trammell's room were met with a revolver fire from both a woman and a man. The woman was the wife of Jarratt Trammell and the man was Whig Duncan, jr. Jarratt and Mart Trammell fell to the floor, the former dead and the latter mortally wounded. Mrs. Jarratt Trammell and Whig Duncan, jr., escaped into Kentucky.

EVANGELIST WILSON COMING.

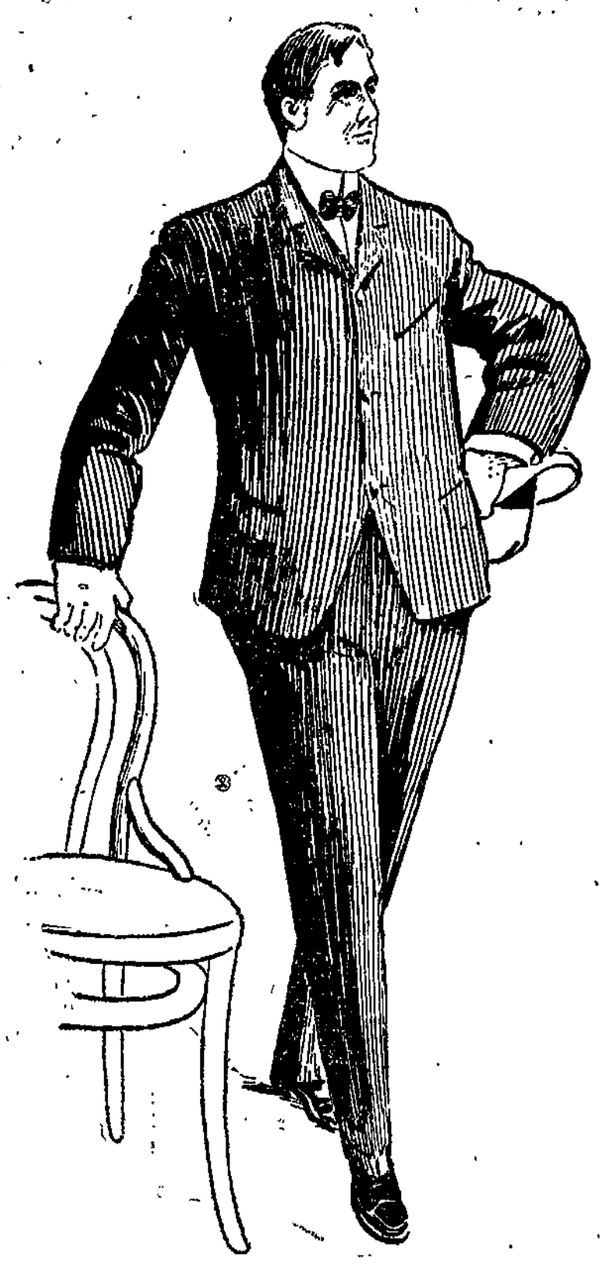
Evangelist Allen Wilson, of Indianapolis, will conduct a six weeks' series of evangelistic services at the West Jefferson street Church of Christ, beginning Sunday, Sept. 7. Rev. Wilson is one of the leading revivalists of the country and has achieved marked success in that work. At Dayton, Ohio, he conducted a series of meetings at one of the Churches of Christ and made over 500 conversions. He will be assisted by Singing Evangelist Kendall.

Fort Wayne people who desire to go to Rome City on the morning train Tuesday to prepare for the Venetian Night carnival will be given a round trip rate of 75 cents. The afternoon and evening rate on the special trains is 50 cents.

Gigantic Semi-Annual

SWEEP-OUT SALE.

One Continuous Ovation.



That's the history to date of this remarkable sale. As the days go by the crowds grow greater. It's the old story of friend telling friend, and neighbor telling neighbor of the wonderful values this opportunity offers.

Cost, profit or loss cuts no figure. The goods must all go in order to make room for mountains of bright, new fall stocks now crushing in upon us from the world's fashion centers. We now name prices so utterly low as to make this SWEEP-OUT SALE of meritorious goods the greatest money saving trade event of the age.

THE WORK OF THE PYTHIANS

SUPREME BODIES ARE STILL IN SESSION.

Election of Officers Brings a High Honor to Indiana Man—The New Officers.

San Francisco, Aug. 15.—The supreme lodge of the Knights of Pythias were again in session today at the Palace hotel and the supreme temple of the Rathbone Sisters met in Native Sons' hall. At both places matters of much interest to the order was discussed. The competitive drills between crack companies of the Uniform Rank, which daily attract many spectators, were resumed on the United States military parade ground at the Presidio. The judges will render their decision as to the successful competitors tonight. The Knights of Khorassan held a ceremonial session at Elks' hall and also participated in an excursion around the bay to the Mare Island navy yard. There also were several other excursions to different places in the state.

Tonight there will be a concert and entertainment for the benefit of the Knights at the Chinese theater. An exhibition drill at the Pavilion will be followed by a spectacular exhibition by Modoc Indians.

OFFICERS ELECTED.

The supreme lodge of the Knights of Pythias will hold its next biennial session in Louisville, Ky., in 1904. The Kentucky delegates made a strong fight against St. Louis, the only other candidate for the convention honors and won by about two to one.

The election of supreme officers occupied the greater part of yesterday's session. Tracey R. Bangs, of Grand Forks, N. D., for the past two years supreme vice chancellor of the Knights of Pythias, was exalted to the supreme chancellorship by the unanimous vote of the supreme lodge.

Charles E. Shiveley, of Indiana, was elected supreme vice chancellor.

Supreme Representative George E. Church, of California, was elected supreme prelate over the incumbent, C. E. Easley, of New Mexico, and Wm. Simmons, of Delaware.

For supreme master of arms, I. F. Carnsworth was the choice of the convention. R. L. C. White was re-elected supreme keeper of records and seal, as was also Thomas Demarest to the chair of supreme master of the exchequer. The twenty-six years of faithful service of John W. Thompson, of Washington, D. C., as outside guard was rewarded by re-election.

The other officers elected are: Supreme inner guard, C. W. Hall, of West Virginia; president of the board of control of the Endowment rank, C. F. S. Neel, of Chicago; major general of the uniform rank, James R. Carnahan, of Indianapolis. The supreme chancellor reappointed E. A. Graham a member of the supreme tribunal, his term having expired.

The supreme tribunal elected as its supreme recorder Robert A. Brown, clerk of the supreme court of Indiana.

KNIGHTS OF KHORASSAN.

The dramatic order of the Knights of Khorassan installed Imperial Prince John H. Holmes, of St. Louis. This order, which was in debt last year, now has $14,500 in the treasury and a membership of 16,822.

The title of sublime venerable prince was abolished. The officers installed were: Imperial prince, John H. Holmes, of St. Louis; basha, W. D. Hafield, Peoria; kadi, D. F. Summey, Charlotte, N. C.; secretary, H. W. Belding, St. Louis; treasurer, C. B. Fraser, Garden Grove; adool, Wm. Beatty, Toledo; ikfar, C. G. Stansbury, Los Angeles; trustee, Ed Guffey, Louisville; azim, A. S. Botkins, Indianapolis.

The dramatic knights decided to meet in St. Louis in 1904, consequently they will not join with the supreme lodge two years hence.

Competitive drills in classes A and B, of the uniform rank, were held yesterday. The class A contests were held at the United States military reservation in this city. The companies competing were Kalamazoo, Mich.; Calhoun, Mich.; Chevalier, San Diego, Cal., and D. D. Burns Hussars, Missouri.

Alexandria company, of Indiana, was suspended, pending an inquiry. It was charged that the Alexandria company was made up of picked men of other companies of Indiana. The judges of the contest are United States army officers. Awards will be made Saturday. In the B class two California companies competed.

PYTHIAN SISTERHOOD.

The supreme assembly of the Pythian Sisterhood elected and installed the following officers: Supreme chancellor, Mrs. W. A. Dilworth, of Nebraska; past supreme chancellor, Mrs. H. P. Libby, Maine; vice chancellor, Mrs. Geo. W. Adams, Massachusetts; prelate, Mrs. J. O. Arthur, Pennsylvania; mistress of the exchequer, Mrs. L. A. Smalley, New Hampshire; keeper of the records and seal, Mrs. Robert Smith, Ohio; mistress-at-arms, Mrs. J. M. Marill, New York; inner guard, Mrs. W. D. Laird, Rhode Island; outer guard, Mrs. E. F. Lake, New Jersey.

The Rathbone Sisters adopted a new law making daughters of members eligible for membership. Election of officers was deferred until tomorrow.

KANSAS CORN LIAR ACTIVE.

Kansas City, Aug. 15.—A report from Lee's Summit, Kan., tells the story of a frightful occurrence in the corn belt near that place. The story was given circulation by a Lee's Summit paper, and illustrates the horrible dangers that Kansas is suffering by reason of the tremendous corn crop.

The hero of this awful tale is Willie McKeighan, a small boy, who climbed a cornstalk to see how his father's crop was getting on. The stalk grew so fast that the faster the boy slid down the higher up he was carried. At the last report Willie was out of sight and still ascending. Many men are at work trying to chop down the stalk, but the effort is useless, because the plant grows too fast for the ax to hit twice in the same place. The boy is living on raw corn, and has already thrown down four bushels of cobs. The stalk is now so high that the cobs take fire in the air like meteors. Farmers in the vicinity are arranging to send up balloons for the relief of this poor victim of the corn crop.

REMARKABLE CURE OF DYSENTERY.

Mr. J. B. Davis, who resides three miles north of this place has a son fourteen or fifteen years of age who was taken with dysentery last December, and to our knowledge was treated for four or five months by physicians of splendid reputation. The boy grew worse all the time and got so he could scarcely walk across the room. About thirty days ago we sold Mr. Davis a 25-cent bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy on a guarantee. In about a week he came back for a second bottle and stated that his son was a great deal better than he had been since December. The second bottle has cured him of the trouble entirely.—G. E. Nettles & Co., Putnam, Ala. This remedy is for sale by all druggists. 8:14-6m

CROWDS THRONG THE ABBEY

LONDON'S POPULACE WANTS TO SEE DECORATIONS.

Reduction of Price of Admission Attracts Thousands—The King at Cowes.

London, Aug. 15.—The plan of opening Westminster Abbey to give the public an opportunity to view the coronation fittings has involved the authorities immeasurably and is proving to be a much more troublesome task than had been imagined. Wednesday the admission fee was $1.25 and yesterday it was reduced to 60 cents. Great crowds inspected the building during these two days, but this morning the rate of admission was further reduced to 12 cents and throngs past all calculations congregated long before the doors were opened. By noon the line extended a mile to the westward of the Abbey, in closely packed ranks. A small army of police was called out to keep order. The people passed through the turnstiles at the rate of 2,500 an hour. Although thousands turned away, giving up hope of entering, the line was still growing up to the middle of the afternoon.

THE KING AT COWES.

Cowes, Aug. 15.—King Edward's reply to an address from the city of Portsmouth yesterday was handed to the mayor of Portsmouth today. On behalf of himself and Queen Alexandra, his majesty thanks the city for its congratulations on his coronation, the recovery of his health and the conclusion of peace, and adds:

"We are unfeignedly thankful for the mercies which it has pleased Almighty God to vouchsafe to use and to our people and we trust now, that we are happily at peace with all the world, that the recent rejoicings wherein the whole empire shared, may send us forward, each in his own station, to work with renewed earnestness for the maintenance and improvement of our noble heritage and the accomplishment of the ends that become a great people. For myself I shall ever be stimulated in my exertions for the welfare of the empire by the ineffaceable recollection of a tribute of loyalty and affection which has touched me deeply."

The king and prince of Wales landed at East Cowes today and visited Osborne house.

During the morning the king marked the spot occupied by the coffin containing Queen Victoria's body on the deck of the royal yacht Victoria and Albert. A brass cross was set into the deck, bearing the words:

"Here rested the beloved remains of Queen Victoria.

"From February 1 to February 2, 1901.

"Born May 24, 1819.

"Died Jan. 22, 1901."

TO SEND ARCHITECT TO PEKIN.

Washington, Aug. 15.—Complying with the request of the secretary of state, the treasury department will detail an expert architect from the office of the supervising architect of the treasury to go to Pekin, China, to complete the plans and specifications for the new United States legation buildings there, and superintend their construction. The French architect who performed a like service for his government and who was engaged to plan and construct the buildings for the United States has gone to France and will not return. As his plans were not altogether satisfactory, Minister Conger has asked that a competent architect be sent from the United States. The selection of a man will be made very soon.

A PAIR OF FILTHY BEGGARS

POLICE JUDGE BANISHES THE TWAIN FROM THE CITY.

Were Dirty and Insolent and Taken for Vagrancy—General News of the Police.

Three cases disposed of in about as many minutes was all that attracted the attention of Judge Dreibelbiss at police court this morning, barring a very loud and offensive smell which emanated from two of the prisoners, one of whom presents a most unsavory apearance, the result of a foul disease.

Michael Touhey was the first man to bat. Mike had been storing up treasures under his belt until all his storage capacity was exhausted and then he cut loose on the safety valve. He blowed off so hard that the police got him and he was wheeled into camp in the wagon. This morning he entered a plea of guilty to intoxication and was sent over for eleven days.

A FILTHY PAIR.

Edward Johnson and Harry Wilson were arrested yesterday afternoon by Detective Coling and were slated for vagrancy. Both walk on crutches, one being minus a leg and the other crippled by disease. They were begging yesterday and were partly drunk and very insolent. When refused money they became abusive and obscene in their language, relying on their crippled condition to escape deserved punishment. They forced their way into crowds in stores and when ordered by Coling to get away and leave town they grew defiant and threatened all sorts of visitations upon the officer if he attempted to arrest them. That settled it and they were taken in. They were not near so defiant this morning, but they smelled to heaven and then some. The judge remarked that while they should be punished he did not think that Allen county had any use for that kind of citizens, in jail or out of it, and on their promise to leave town in an hour he continued their cases indefinitely and allowed them to go. If they are caught again they will be locked up in an isolated cell and a constant stream of water will be turned on them to assist in making their presence tolerable. They are the toughest pair that have been seen in police court in a year.

Charles Scheimann left this brand new bicycle standing in front of the Packard store yesterday evening and when he returned to use it it was missing. He does not believe that the machine was taken as a joke, but is of the opinion that it was taken by mistake or else is gone for good.

Anna Murdock, a young woman who operates a sort of a traveling employment bureau and who has a habit of leaving cities she visits without going through the formality of paying her hotel bills, was in the city yesterday afternoon but did not remain long. The police department here was notified of her operations in some Ohio towns east of Fort Wayne on the line of the Pennsylvania road and it was suggested that as she was working westward she would probably stop off in Fort Wayne. The police department in turn notified the various hotels and the consequence was that when she registered yesterday she was informed that it was a case of settlement in advance. She remained several hours and then left for the west.

IN JUSTICES' COURTS.

An affidavit has been filed in Bullermann's court charging Stephen Roush with assault and battery on Martin Kamp. The defendant appealed and a change of venue was taken, the case being sent to Huser's court. The assault is alleged to have occurred on the night of August 13 and is supposed to be the outcome of a difficulty existing among members of the plumbers' union.

'Squire France will close up his justice shop next Monday, Tuesday and Wednesday and with two of his children will go to Rome City and put in a few minutes showing the natives how a fisherman catches fish. He says he thinks he can live there pretty cheap because his brother owns a cottage there and he can kill two stones with one bird by remaining over until after Venetian night. Constable Bagby will be taken along to dig bait and furnish the smoking tobacco, but he will be obliged to sleep on the porch and board himself.

Legislation enacted by the last congress will result in at least 10,000 new pensioners.

There has been noted in Honolulu a series of tidal waves believed to be due to volcanic action.

LAST DAY OF REUNION.

Council Bluffs, Iowa, Aug. 15.—Today was the last day of the reunion of the National Society of the Army of the Philippines, and after the business meeting in the early day the veterans were entertained with excursions and sightseeing. The principal business of the session today was the election of officers and the selection of a place for the next reunion.

NEW HAVEN LAD IN TROUBLE

ROXIE TROUTMAN HELD TO FEDERAL GRAND JURY.

Charged With Having Sent a Profane and Obscene Letter by Mail—Waives Hearing.

Roxie Troutman, a New Haven boy apparently not more than eighteen years of age, was held to the federal grand jury by United States Commissioner Logan at 2:30 o'clock this afternoon. Troutman is charged with having sent through the United States mails an obscene letter. His mother signed a bond for $500 for his appearance and he was released from custody.

It appears that early in May of the present year Troutman, then a pupil in the New Haven schools, wrote to Stephen Krominaker, then boarding at 50 Force street in this city, a letter in which a vile epithet is applied to one Joseph Robbins, a thresher at New Haven. There are also obscene references which in the opinion of the postal authorities render the letter actionable.

Robbins secured possession of the letter and promptly mailed it to the postoffice department at Washington. It was referred back to Col. D. J. Foster, of Chicago, postoffice inspector for this district, and within a few days Robbins filed an affidavit against the young fellow. Troutman was arrested at 11 o'clock this morning while at work in a sugar beet patch at New Haven by Deputy United States Marshal Scott. He was brought to this city, and his mother, a widow, accompanied her son. When the preliminary hearing was called this afternoon Assistant District Attorney Lafollette was present for the government and Attorney B. F. Harper appeared to defend Troutman. The defendant waived hearing and was held under bond as above stated.

GIVE ONE-TENTH TO THE LORD

TITHERS TELL EXPERIENCE AT NATIONAL MEETING.

Last Day of Convention at Lake Winona—Church Fairs and Socials Condemned.

Warsaw, Ind., Aug. 15.—Yesterday was testimony day at the National Tithers' convention in session at Winona. A number of men of means told how the system of setting aside the first tenths of one's income operated with them as individuals. J. J. Porter, a business man of Pittsburg, stated that from an experience extending over a period of twenty years as a tither the system pays whether viewed from a financial, a mental or a spiritual standpoint. Other delegates who have been tithers for years gave testimony, among them Thomas Kane, Dr. J. Wilbur Chapman and Judge J. B. Hobson. In the afternoon Rev. E. B. Stewart, pastor of the Third Presbyterian church, Chicago, delivered a strong address on the spirit and method of giving, his idea being that the practice is worthy of consideration either by church or individual. He advocated giving cheerfully and liberally without ostentation and described the success which had been attained in his church by pursuing regularly this method of systematic giving.

The speaker stated that some give by careless caprice, others from selfish calculation and by emotion, but the giving should be according to God's measure or requirement because "the tithe is the Lord's"—Leviticus, twenty-seventh chapter, thirteenth verse. All tithers express themselves as averse to raising money for church purposes by giving fairs, socials, lawn fetes and drawings. In fact their opposition to this almost universal practice furnishes a strong argument toward inducing churches of every denomination to adopt the tithing system.

Yesterday afternoon in an address Rev. Frank O. Ballard, of Indianapolis, outlined "The Work Laid Upon the Church and Revenues Committed to Her."

Blynn Yates, of Buffalo, spoke on "The Weakness of Existing Methods of Church Finance."

The concluding address of the day was given by Rev. S. Warner, of Kansas City, on the subject, "How to Preach the Tithe."

HUSBAND AND WIFE SHOT

MAN KILLED AND WIFE FATALLY WOUNDED.

Sensational Affair in a Tampa Home —Shooting Done by the Son of a Wealthy Cuban.

Tampa, Fla., Aug. 15.—At the home of Charles J. Allen, on Seventh avenue, Tampa Heights, the most fashionable residence section of this city, Mr. Allen was killed and his wife fatally shot yesterday by Manuel Chavez, one of the wealthiest and most prominent young members of the Cuban colony here. Many conflicting accounts of the tragedy were current, but the one generally believed is that Allen returned home unexpectedly and found Chavez in his house and that he assaulted the Cuban, striking him a terrific blow in the mouth. Chavez then drew a pistol and began to fire. One bullet struck Allen in the left side and another in the mouth, and the third in the abdomen, after passing through the body of Mrs. Allen, who had rushed between the men in an effort to separate them. The shooting of Mrs. Allen is believed to have been entirely unintentional.

Immediately after the shooting Chavez rushed from the house bareheaded and disappeared in his buggy that was standing at the back gate. He subsequently surrendered to the sheriff. An effort was made to get him released last night. His father's firm, one of the largest manufacturers of cigars here, offered to put up a $100,000 cash bond, but as the charge is murder Judge Robles refused it. Prominent attorneys, including Congressman Sparkman, have been employed by the defense.

MARRIAGE LICENSES.

Judge James H. Rose, of Auburn, is in the city. He made the trip in an automobile, but whether or not the judge returns by the same route depend upon whether the repair men get the machine in operation again in time.

NOT OVER WISE.

There is an old allegorical picture of a girl scared at a grass-hopper, but in the act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar, but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For sale by all druggists. 8-14-2m

EIGHT HOUR DAY

TO BE THE SLOGAN OF THE PRINTERS' UNION.

CAMPAIGN BEGINS NEXT YEAR

INTERNATIONAL CONVENTION ADOPTS PROPOSITION.

TO WAGE AGGRESSIVE FIGHT

THE INTERNATIONAL TO WORK WITH THE LOCALS.

Cincinnati, Aug. 15.—The convention of the International Typographical union today adopted a proposition for an aggressive campaign the next year for a universal eight-hour law. President Lynch and Vice President Hawkes were directed to act with all local unions where the working day exceeds eight hours and secure observance of the eight-hour law.

Following addresses by Vice President James Wood and Michael Rafel, of the National Cigarmakers' union, a resolution was adopted boycotting certain brands of cigars.

The report of the committee on laws was completed during the morning session, making many verbal and technical changes in the laws.

REPORTS ADOPTED.

All the committees were called and their reports adopted, with various amendments. In accordance with President Lynch's report, a conference committee was appointed to secure better sanitary conditions of composing rooms. It was unanimously decided to refer the request of the Los Angeles union for an appropriation of five cents per capita per month to a referendum vote, with all delegates present pledged to support the assessment. This action will produce $25,000 per year.

Petitions were presented for the reappointment of John E. McLaughlin, of New York, as organizer.

The proposition for a seven-story general office building at Indianapolis was defeated, as was also the one for fraternal insurance.

IN MEMORY OF CUMMINGS.

Resolutions of respect were adopted in memory of many departed members. Among them, Amos J. Cummings, whose birthday is to be celebrated.

The committee on laws recommended an amendment to the general laws striking out the famous section No. 142, and it was unanimously adopted. Frederick Driscoll, commissioner of the American Newspaper Publishers' association, addressed the stereotypers' union this forenoon, urging joint action with the International Typographical union in eliminating section 142 from the joint agreement. The International Typographical union adopted with unanimity the suggestions of Commissioner Driscoll that all changes in scale before adoption by the union shall be submitted to each publisher interested; also, that a representative of the American Newspaper Publishers' association shall be entitled to be heard before the passage of any laws affecting the rights and interests of publishers.

FIRE DROVE THEM OUT.

Cincinnati, Ohio, Aug. 15.—Just as the delegates to the International Typographical union convention were leaving Pike's Opera house for the noon, recess, the building was discovered to be on fire. Everybody succeeded in getting out of the blazing structure without trouble.

The fire started in a sub-cellar of George Joffee's grocery, where a boy was smoking cigarettes. The flames spread rapidly, but were under control within an hour, causing a total loss of $75,000.

The heaviest losers are George Joffee, groceries; Henry Straus, cigars and tobacco, the Pike estate and Manager Hunt, of the opera house.

BALL

In the National league, the western clubs finished their eastern trip yesterday and all had a pretty even break. The eastern series commenced July 29, when Pittsburg had a percentage of .750 and that is what she has today to a fraction; Brooklyn has lost .001; Boston and Chicago changed places in rank and Boston now trails the second division. The closing games were devoid of any special features and the aggregate attendance was 6,125, Philadelphia being low with 325 and Boston a close second with 40. In contradistinction to these figures the American league at Boston yesterday drew 5,358 and at Philadelphia drew 5,918. The American league games were not very strong, the sensational game being at Boston, where Boston again defeated the champions. In the great plays of the game two Fort Wayne favorites figured. Criger made a three base hit and Chick Stahl made a one hand catch in short center field after a desperate chase, which is referred to by the Boston correspondents as "phenomenal." The attendance at three cities was 12,268. In the American association double headers were played at Columbus, Indianapolis and Toledo. Minneapolis beat Columbus both games and at the other two towns there was an even break. The attendance was 4,710. The scores follow:

LOGANSPORT VS. SHAMROCKS.

The Shamrocks will play the Logansport team at League park on Sunday afternoon and the game promises to be decidedly interesting. The Shamrocks have won one and lost one and Sunday's game will decide which is the better team. Ream, formerly with the Fort Wayne league team, will pitch for Logansport.

WAS A GREAT SUCCESS.

The anniversary celebration at the Reformed Orphans' home yesterday and last evening was a grand success and passes into history as one of the most enjoyable events in the annals of the institution. Many stayed during the evening hours and listened to a fine concert by the First Regiment band. The report of the treasurer of the home, Rev. J. H. Bosch, showed the financial condition of the home to be excellent. Receipts during the year amounted to $13,014.92 and the disbursements $12,860.87, leaving a balance of $154.05. Two munificent gifts of $1,000 each were received from Mrs. Gehring, of Cleveland, O., and Mr. Van Tocke, of Titusville, Pa. The money received during the year was expended on improvements on the home, paying a mortgage of $4,000 and for other purposes.

IN NORTHERN INDIANA.

J. A. Ernsberger, of Delphos, Ohio, is preparing to erect at Decatur one of the largest greenhouses in this section of Indiana.

The plant of the Winona Ceres company, producing a number of food preparations, is to be removed from Warsaw to Elkhart.

John Krieger, an Auburn carpenter, made a bad shot with a hatchet Wednesday and chopped off two fingers of his left hand.

The commissioners at Richmond have decided to abandon the Wayne county orphans' home and will place the children in White's institute near Wabash.

Prisoners in the Laporte jail had framed up a job to escape and had removed a section of the prison wall, covering the aperture with paper, but it was found out by the turnkey.

The Rochester shoe factory, brought from Daleville several years ago with a bonus of $25,000, has changed hands and the new proprietor is planning to remove it to Wisconsin.

Coroner C. S. Williams, of Whitley county, has rendered a finding that the recent death of Paul Baumann, of Fort Wayne, which occurred at Shriner lake, was due to excessive use of alcohol.

Thad Anglemeyer, a Huntington soldier in the Philippines, wrote home expressing a wish for a shotgun, as there were plenty of wild ducks and pigeons in his locality. The shotgun was sent by mail by his indulgent father.

Many people near Huntington who were induced to donate chickens to a stranger, who said they were to be used in giving a supper for the benefit of a church in that city, afterwards discovered that the solicitor was a cheap swindler and had sold the poultry to a dealer.

The workmen who are grading for the track of the Wabash-Logansport company between Wabash and Logansport are unearthing scores of mule shoes, which have been covered with earth since the abandonment of the old Wabash and Erie canal many years ago. The traction company acquired the towpath for its line and it is supposed that the right-of-way is lined with the shoes cast by the gentle mules that drew canal boats in the long ago and which were never picked up. They are being preserved as relics.

THE MARKETS.

Chicago, Aug. 15.—Grains were active and higher at the opening today, largely influenced by the rains in the spring wheat harvests. September wheat started 3/8c to 7/8c up at 70¼c to 70¾c on steady cables and a brisk covering demand. Yesterday's leading bulls supported the market and on the scanty contract receipts and bad weather for grading September sold to 71¼c and held strong. Local receipts were 318 cars, 1 of contract grade. Minneapolis and Duluth reported 126 cars, making a total for the three points of 444 cars, against 298 last week and 442 a year ago. Heavy receipts southwest had no early retarding effect on the market. Argentine shipments were 240,000 bushels against 48,000 bushels last week and 408,000 bushels a year ago.

Manipulation was essentially the feature of the day's trading in wheat. After the bulls had put prices up they turned and sold freely. September declined on selling to 70⅝c, but the close was firm 1c up at 70⅞c.

Corn advanced on the wheat influence. Cables were lower, but there was good covering in December and receipts were still bullishly low at 32 cars. September started ⅛c to ⅜c up at 51¾c to 52c, dipped to 51⅝@51¾c and held steady near 51⅞c.

Corn trade hung fire after the early activity and September fell off with the liquidation in wheat, closing steady unchanged at 51⅝c.

Oats had an active early demand and made rapid advances. The rains were too much for grading and out of 272 cars received only 22 were contract. Covering was brisk and September opened ⅜c to ¾c up at 31¾c to 32⅛c and soon sold to 32½@32⅝c.

Provisions were dull and weak early. Hog receipts were liberal and prices at the yards were lower. There was little early support and pr[illegible] declined. September pork started 10c down at $15.85 and rallied 2½c. September lard started 2½c lower to unchanged at $10.27½ to $10.30 and sold down to $10.20, and September ribs 2½c off at $9.60 and sold at $9.55.

THE CLOSE.

Prices at the close were as follows:

Wheat—Aug., 70⅞c; Sept., 70½c; Dec., 67⅝@67¾c; May, 69¾@69⅞c.

THE DAY ON WALL STREET.

New York, Aug. 15.—The stock market opened active and firm with Southern Pacific and Union Pacific the conspicuous features. There were simultaneous opening sales of 10,000 shares of the former at 72 to 72⅜, compared with 71¾ last night, and the latter was carried up ⅝ by the successive purchase of blocks of 1,000 to 1,500 shares. Canadian Pacific and Louisville rose a point and St. Louis and San Francisco and Rock Island large fractions. Uniform small fractional gains were the rule throughout the list.

Prices wavered when profits were sought in the opening strong stocks under cover of bidding up elsewhere. Recessions, however, were small aside from Louisville, which reacted a point. Toledo, St. Louis and Western stocks were in good demand, the common gaining 2¼ and the preferred 1⅜. New York Central, Hocking Valley and Ice preferred also rose 1½@2. Adams Express jumped 5. The market was quieter at 11 o'clock, with the grain-carrying stocks showing heaviness.

The southwestern stocks were sold heavily causing reactions of ¼ to 1½ in Missouri Pacific and Texas Pacific. Prominent stocks generally went lower and a rapid rise of 1⅝ in Pennsylvania was ineffectual in checking the selling and that stock reacted a point. Norfolk and Western declined a point and United States Express 2 and many other stocks ruled below yesterday's close. Chicago Great Western preferred B, Chicago Terminal preferred and Ice improved 1, Pullman 5 and Westinghouse Electric first preferred 8 points.

Bonds were irregular.

Prices were carried below last night generally and gains were wiped out in Pennsylvania, Southern Pacific, Louisville, Canadian Pacific, Rock Island and Hocking Valley. Net losses reached a point or more in Missouri Pacific, Texas and Pacific, Norfolk and Western, St. Paul, Atchison and Illinois Central. Great Northern preferred rose nearly a point. The market rallied slightly and became very dull.

Louisville rallied to near the best, but other active stocks were sluggish and feverish. American Telephone and Telegraph advanced 1½ and Adams Express 10 in all. Pacific Coast, Pittsburg, C., C. & St. Louis, Fort Worth and Denver City Stamped, United States, Reduction and Sloss-Sheffield Steel preferred lost from 1 to 2½.

Prices dropped back again, the loss in Missouri Pacific reaching 2 points. Nashville, Chattanooga and St. Louis dropped 4⅜. A renewed advance in the Toledo, St. Louis and Western stocks steadied the market. The common rose 4⅜ and the preferred 2⅜, Chicago Union Traction 2 and the preferred 1, St. Louis & Western preferred rallied to 1¾ over last night and Southern Pacific recovered to near the best. The closing was dull and firm.

THE MONEY MARKET.

New York, Aug. 15.—Money on call firm at 4 per cent; prime mercantile paper, 4¾@5 per cent; sterling exchange fairly steady with actual business in bankers' bills at 487.37@487.62 for demand and at 484.75@485 for 60-day bills; posted rates, 486 and 488½; commercial bills, 484¼@485¼; bar silver, 52½; Mexican dollars, 41¼.

Government bonds steady.

TOLEDO MARKETS.

LAST TO LEAVE SCENE OF WINONA COLLISION.

The Fort Wayne Electric company is preparing the way for the Wabash company to put in a loading track running up to the big traveling cranes at the new shops and to the rear of the old machine shop. When this track is in operation the handling of the big dynamos from the shop to the cars can be accomplished with great ease and at far less expense than the same work is accomplished now. To make room for the track a large building that was used as a store house for lumber and kindred material has been moved to a position at the rear of the large storehouse and adjacent to the tracks running along the east side of the building. The work of moving this building was accomplished by William Martin, the old house mover, living on Broadway. The power plant walls are nearly completed and the building will receive its roof early next week. The machinery received a few days ago and mentioned in The Sentinel, is being placed as rapidly as possible and other preparations are making for a busy time the coming fall and winter months. Additions to the working force continues daily, the following mechanics being employed this morning: Fred Boseker, in A. Keyser's room; Ed Davy, in William Schultz's room, and Christian Cook, in L. P. Strong's room.

BOILER MATERIAL SCARCE.

Manufacturers who use boiler and other sheet steel are experiencing the greatest difficulty in keeping their shops supplied with it. Some kinds of work at the Bass shops has been delayed several weeks by a shortage in this class of material and the situation had almost reached the point where it would be necessary to lay off a lot of men. Fortunately, the company was able to secure several car loads of metal today and it will be here tomorrow, when work that has been laid aside several weeks will be taken up and completed. There is also a scarcity in some other metal supplies, but it has not arrived at an embarrassing point as yet.

THE DAY'S ACCIDENTS.

Pennsylvania engine 268 was derailed at Delphos, Ohio, yesterday afternoon. It was only slightly damaged.

Machinist Thomas Kumnel, of the Kerr Murray works, had a hand severely cut yesterday by getting it fastened in the machine he was operating.

J. N. Alter, a flue cleaner at the Pittsburg round house, fell yesterday from an engine and was severely bruised and sprained. He resides at 1160 Division street.

WEEKLY ENGINE OUTPUT.

An engine a day was the extent of the output from the back shops of the Pittsburg during the past week. Nos. 173 and 18, big E-2 engines, received only light repairs; Nos. 7156, 7154, 7035, 7215 and 7265 received general repairs. During the week the following engines were taken in for repairs: Nos. 901, 903, 530, 193, 230 and 127.

WRECKED ENGINES COME IN.

Engines 344 and 114, which figured in the Winona wreck last Monday, were brought to the city last night and will be taken into the shops for repairs. No. 344, which is a heavy freighter, is not seriously damaged and will be ready for work in a few days. No. 114 is more extensively damaged and will have to be rebuilt.

INDUSTRIAL NOTES.

William H. Taylor, of New York, is visiting his brother-in-law, James Chamberlain, gatekeeper of the Pittsburg roundhouse.

George T. Ladd has gone to Detroit on business for the Bass company.

Two rope wheels left the Bass shops this morning for McKeesport, Pa.

R. G. Fenker, James G. Roper and R. W. Whaw, of the Pittsburg shops, are sick and off duty.

J. Crawford and Fred Sassler, Wabash boilermakers, went to Peru this morning to repair an engine boiler.

H. G. McDole, stationary engineer at the Pittsburg planing mills, has gone to Van Wert, Ohio, to look after some private business.

Henry Lerch, night air-brake inspector at the Pittsburg shops, is the papa of a twelve-pound boy, who came to his home yesterday.

Charles Casterline, messenger at the motive power office of the Pittsburg, is confined to his home by sickness.

Fireman G. Bessert, of the Pittsburg, has been off duty a couple of days on account of an injury to one of his eyes.

F. P. Clark, of Van Wert, Ohio, has moved to the city for the purpose of taking a position at the Wabash shops.

Walter Kensill, a carpenter, resigned his position at the electric works today to take one with the interurban company.

L. L. Gloyd, a checkman at the Pittsburg freight house, is entertaining his brother, whom he had not seen for fifteen years

N. E. Nestle and Fred Knoll, of the Wabash machine shop, will take an eastern trip, leaving on the morning of the 23d for Buffalo.

William Jackson, the retired Pennsylvania employe, is entertaining his daughter, Mrs. Malinda A. Snyder, and son Fred, of Lima.

William Hilgemann, who resigned a position at the Electric works last Monday, left today for Auburn, to work in the gas engine works.

A 320-light generator to the Imperial Tobacco company, Kingston, N. C., was among the shipments from the electric works this morning.

A. A. Stace, who had a hand injured two weeks ago, reported for work at the Pittsburg freight house this morning. He is a packer.

Marion O'Hara, a machinist at the Wabash shops, who took a position there three days ago, has been called home by the news of the death of his little son.

Charles McCoy, who was recently married, is today moving into the house at 2215 Home avenue. The young man is a machinist at the Wabash shops.

Mrs. M. E. Mayhew, of the Pennsylvania freight office, left today for Charlevoix, Mich., where she will join some friends and remain a week or ten days.

The Bourbon people are at Winona in considerable number today. The Pennsylvania train No. 22 brought five car loads of them down to the resort this morning.

H. W. Ireland, a tinner, and C. O'Rourke a plumber, will resume their respective duties at the Pittsburg shops next Monday. They have been sick about two weeks.

Machinist DeVillbiss, of Moberly, Mo., is visiting in the city. He was once a gang foreman at the Wabash shops in this city and called there yesterday to see his old friends.

Louis E. Rehling and H. C. Eix resumed their respective duties in the Pittsburg shops this morning. Mr. Rehling had been off duty on account of an injured hand and sickness in his family.

J. W. Hilgeman left for South Brooklyn, Ohio, this morning to set up some dynamos recently sent to that place by the Fort Wayne Electric company. South Brooklyn is a suburb of Cleveland.

W. L. Kellogg has been appointed master mechanic of the Missouri Pacific shops at Fort Scott, Kan., vice C. A. Sanders, resigned. Mr. Kellogg has been foreman of engines on the Iron Mountain road.

Mr. and Mrs. O. C. Obenchain and daughter have returned from Parsons, Kas., where they spent four weeks very pleasantly with relatives. Mr. Obenchain is a passenger brakeman and he reported for duty on the Pittsburg this morning.

H. H. Long, the Nickel Plate brakeman who was injured by falling from a box car at McComb, Ohio, was able to leave St. Joseph hospital and go to his home at Bellevue this morning. It will be some days before he will be able to resume work on the road.

The Pennsylvania railroad special, which left Crestline, Ohio, one hour and twenty minutes late, arrived in Pittsburg yesterday on time, making the run of 189 miles at the average speed of a mile a minute. Some of the stretches were covered at the rate of seventy-eight miles an hour.

The three passenger associations have under consideration a proposition to organize a protective bureau, with agents in all prominent cities, as a means of preventing scalpers from getting a hold of tickets. The matter will be decided upon at the meeting to be held in Chicago in September.

The shops of the Baltimore and Ohio at Glenwood and at Connellsville are to be enlarged and equipped with the latest patterns of machinery for repairing engines, and at New Castle the company will erect new shops capable of repairing all the engines running between Pittsburg, Akron and Fairport.

Assistant Trainmaster W. E. Davis, of the Pennsylvania, and Mrs. Davis returned from a trip of the lakes last night. Mr. Davis resumed his railway duties this morning. W. H. Tigar, of the same department, will enter upon his vacation tonight, when he will leave for the Atlantic seashore to camp out a week or more with his brother Walter.

Master Mechanic C. W. Cross, of the Lake Shore, has devised an observation car on an engine which will be a decided improvement over the car gotten out by the New York Central and which was described in these columns a short time ago. Mr. Cross has submitted his plans to the officials and is expecting instructions to equip an engine in accordance with them.

Machinist Charles Muhlenbruck, of the Pittsburg shops, has gone to Columbus, Ohio, in response to a telegram informing him of the serious illness of his sister, Mrs. Benjamin Armack, formerly of this city. Mr. Armack is chief electrician at Columbus for the Pennsylvania company. He was formerly vice foreman in the company's shops in this city.

The Columbus, Sandusky and Hocking Valley road will be sold at auction September 24, on order of Judge A. C. Thompson, of the United States court, the upset price being $2,700,000. Lively bidding is expected for the property. It is the only direct competitor of the Toledo and Ohio Central and the Hocking Valley coal roads controlled by the Morgan interests, and it is expected the Goulds, Morgans and the Pennsylvania interests will vie with each other for the property.

Last Tuesday George H. Daniels, general passenger agent of the New York Central road, delivered an address before the Chautauqua assembly on "American Railroads and Our Commercial Development." In his remarks on the abandonment of the canals he named three causes—first, the great reduction in rates of freight by the railroads; second, the marvelous development of the motive power and rolling stock of American railways; third, the failure of the canals to meet the general demand of the American public for quick time.

Within the next three or four weeks many Pennsylvania employes will take their annual vacation. Among the number will be Master Car Builder J. A. Graham, Blacksmith Foreman G. A. Szink, Motive Power Inspector G. L. Wall and Shopmen G. E. Sisco, J. G. Polhamus, H. F. Meyers, M. H. Hoblock John Cattez, Benjamin Weyer and F. C. McElfatrick, and W. H. Boese and Clerk William Scherer. Messrs. Graham and Szink will go to their old home in Pennsylvania and they will be accompanied by their families on the journey. The wives of the other men will also accompany them on their journey.

Two young fellows, said to be employed in railway shops, created quite an excitement at the corner of Fox and Taylor streets, last night, by pummeling each other most outrageously. It seems that the boys had a dispute at the shops and concluded to fight it out. A referee was selected from the spectators and the pugilists went at it with bare fists. A dozen or more rounds were fought, when the referee called the battle a draw and the boys were persuaded to quit fighting. Each had a bloody nose, several abrasions and contusions on face and forehead and probably each has a couple of black eyes today.

PREMIUM LIST IS ACCEPTED

MEETING OF COUNTY FAIR ASSOCIATION TODAY.

Nearly $3,000 in Cash Prizes to be Given, Besides Many Special Premiums.

The county fair committee met this morning in the association headquarters in the court house and accepted the report of the premium committee, besides giving attention to several propositions from a large number of attractions that desire to show here during the affair. No action was taken in these matters, however, and beyond accepting the premium list no business was transacted.

This afternoon the members of the committee visited the Driving park and went over the grounds for the purpose of deciding the manner in which they will be laid out. Assistant Secretary Will Johnson has prepared a plat of the park, which is at the fair headquarters, for the inspection of those who intend to exhibit. The main building is to be located west of the three-quarter pole near the St. Joe road entrance. This portion of the ground has been divided into six spaces 100x125 feet, besides many smaller spaces for minor exhibits.

W. H. Fleming, who is in charge of the horse races, states that there will be races each day and prizes aggregating $2,950 will be given. Besides the cash premiums there will be a number of special prizes given by merchants. The first to donate special prizes was George W. Bruckner, who has given a number of agricultural implements.

The total premiums and the superintendents of the different departments are as follows:

Department A—Draft and work horses, $455; superintendent, W. H. Meyer.

Department B—Light harness horses, carriage teams, ponies, etc., $196; W. H. Fleming, superintendent.

Departments C and D—Beef cattle, $468; dairy cattle, $266; David McKay, superintendent.

Departments E and F—Sheep, $130; swine, $168; George Thumm, superintendent.

Department G—Poultry, $150; J. B. White, superintendent.

Department H—Agriculture and horticulture, $310; O. Bird, superintendent.

Department I—Domestic and fine arts, $400; superintendent not yet chosen.

THE AMERICAN MENACE.

Halifax, N. S., Aug. 15.—Hon J. I. Tarte, Canadian minister of public works, in a speech before the Canadian Manufacturers' association, declared that Canadians must no longer see their markets slaughtered by American manufacturers and the great trade of the continent carried through American channels. The remedy, he proposed, was improvement of the Canadian waterways and a higher tariff.

"We must," he said, "transport from west to east through Canadian channels. This country must be united by cheaper transportation and a strong Canadian tariff. The shortest route to the seaboard is destined to be the great carrying highway, not only of the wheat fields, but of the whole American continent. We have a route from Georgian Bay to Liverpool 300 miles shorter than via New York. The Canadian Pacific railroad and the Grand Trunk must work together to carry that trade via Canadian routes."

The minister stated that Canada would soon have a fast Atlantic line and declared that Halifax in winter and Quebec in summer were the natural terminals.

BIG FIRE AT HAMILTON.

Hamilton, Ohio, Aug. 15.—A most destructive fire began at midnight and was not under control until 4 o'clock this morning. The large dry goods store of T. V. Howell & Son, where the fire originated, was made a complete wreck. The Second National bank building adjoining the Howell block on the west, was damaged considerably, but the bank itself escaped with slight damage. While the fire was in progress another fire broke out in Walnut street in a small grocery store and Cincinnati was called upon for help. Two engines were sent in response, but by the time they arrived the fire was under control and they were not taken from the train. The losses are estimated at a quarter of a million, mainly in the Howells' and Second National bank.

Mr. and Mrs. Herman Berghoff, of Chicago, are in the city.

CONTEMPT CASES ARE HEARD

JUDGE AIKEN SITS IN THE SUPERIOR COURT.

Huntsman Case Dismissed and the Krock-Jansen Case is Postponed—Court News.

Judge Aiken sat in the superior court today and disposed of another small grind of cases. In the case of Susanna Huntsman vs. Wallace W. Huntsman, wherein the defendant was cited to show cause why he should not be punished for contempt for failure to comply with an order of the court providing for the payment of alimony to his divorced wife, the defendant showed that he had turned over a negotiable note for $60 to the plaintiff, and upon motion the cause was dismissed at defendant's costs. In similar contempt proceedings growing out of the Krock-Jansen habeas corpus case, the docket was not so easily cleared. John Krock, the grandfather, and Mary Krock, the mother, were cited to show cause why they should not be punished for failure or refusal to abide by the order of the court in relation to the disposition of the suit involving the custody of little Estelle Jansen, who, it was charged, was spirited out of town by her maternal relatives, contrary to the order of the court delivering her to the Academy of the Sacred Heart. The defendants were in court this morning, and a motion to quash was overruled and exceptions were filed; other motions were made and overruled, and finally the defendants took ten days to file the bill of exceptions, which leaves the case practically where it was when it was called this forenoon.

THE GOLDEN CASE.

The trials and tribulations of Jennie and Joseph J. Golden have been frequently exploited in the courts—upper and lower. Recently Golden, who is a Grand Rapids engineer, had his wages tied up in an injunction suit instituted by his wife, who then immediately sued him for support and brought criminal action for desertion and failure to provide. At the trial Golden showed that he had always provided for his wife and that since their separation several months ago, her account at a grocery and general store was open on the strength of her husband's credit and it was shown that the reason the defendant could not pay her the money ordered by the court was because on her own action she had tied it up in the hands of the railroad company. Judge Aiken took that view of the case today and issued an order directing the Grand Rapids road to pay $130.35, now due Golden and held by the company, into the hands of the clerk of the court, where it could be reached and distributed as the court might direct.

In the case of VanKirk vs. Trentman it was shown that the demand of the plaintiff had been satisfied before the action was brought and that the case should be dismissed at the cost of the plaintiff. The judge so ruled.

COURT NOTES.

In the slander suit of Mary C. Kendall against John A. Wehr, an order was issued directing the defendant to appear for examination August 21.

The Ohio Match company sues Max B. Fisher et al., doing business under the firm name of Fisher Bros., for $800, claimed to be a balance due on a car load of matches. The suit developed the fact that a car load of matches is worth $1,300.

In the case of Stoddard & Allen vs. the Huntington Manufacturing company a judgment for $430.96 was rendered.

The Hecla Manufacturing company sues E. B. Fairfield on account. The demand is placed at $175.

In the case of Elizabeth Lawrence vs. William Carroll a decree to quiet title was ordered to issue.

The superior court was in session again this afternoon, but no business save the hearing of arguments on several motions and the filing of answers to complaints was transacted. Judge Aiken will remain in the city for a week, but will not again hold court before Thursday except upon special request or in case of emergency.

An umbrella found in the ladies' lavatory at the court house can be recovered by the owner at the custodian's office.

The county commissioners will be in session again tomorrow morning.

DEATHS AND FUNERALS.

WAIBEL.

Pracidus Waibel, 76 years of age, and a resident of Fort Wayne for more than half a century, died Thursday evening at his home, 820 West Jefferson street. Death was due to Bright's disease, from which the aged man had been suffering for some months.

Mr. Waibel was born in Singen, Baden, Germany, October 5, 1826, and in youth learned the trade of cabinet-maker. In 1852 he emigrated to America, settled in Fort Wayne and had lived here continuously since that time. He worked for many years for John M. Miller, then at the Pittsburg shops, and later he entered the employ of the Fort Wayne Organ company, remaining until a short time ago, when failing health compelled him to retire from active labors. He was very well known and had many friends. For several years he was active in political affairs and adhered to republican principles. The surviving relatives include the widow and four children — Albert, Charles, George and Miss Nancy Waibel.

Funeral services will be held Monday morning at 8:30 from the residence and at 9 o'clock from St. Paul's Catholic church, of which the deceased was a devoted member.

QUIET AT DURYEA

GOOD ORDER SUCCEEDS RIOTS OF THURSDAY.

NO TROOPS ARE SENT THERE

SHERIFF ABLE TO CONTROL THE SITUATION.

POLICE OUT UNDER BOND

WILL BE TRIED FOR SHOOTING AT DURYEA.

Wilkesbarre, Pa., Aug. 15.—Duryea, the scene of yesterday's riot, was as quiet as a country village today. No attempt was made to resume operations at the Warnke washery and in consequence no crowd collected. There were a few stragglers, mostly boys, gathered in the vicinity, but when it became known that there would be no work at the washery they went to their homes.

Sheriff Jacobs and a large number of deputies were on the ground all night, but they were not molested. The sheriff told the owners of the washery this morning that if they wished to start up their works he would see that their employes got ample protection. But there were no employes to go to work. Nearly all of the men who were at work yesterday were arrested and sent to jail by the local authorities. The superintendent of the washery claims this was an injustice to the employes, who, he says, were not acting as coal and iron policemen. When the constables came to the washery to make arrests they took everybody in sight. Sheriff Jacobs feels confident that there will be no more trouble at the washery, but should an outbreak occur he says he will have a force of deputies sufficient to preserve the peace.

The twenty-five deputies and employes of the Warnke washery at Duryea, who were arrested yesterday afternoon charged with rioting and committed to jail in default of $3,000 bail each, were given a habeas corpus hearing in court today and released upon furnishing a bond of $10,000 forthe entire party, Hon. John T. Lenahan, counsel for the prisoners, furnishing the bond. Immediately after their release the deputies took a train for Duryea, where, it is said, they will go on duty again.

TROOPS NOT NEEDED.

Shenandoah, Pa., Aug. 15.—Brigadier General Gobin is in close touch with the situation at Duryea, where there was considerable disorder yesterday. He is prepared to send troops there at short notice if they are needed. He says he has not heard from the sheriff, but received a telegram from the president of the town council of Duryea that troops were not needed. Reports received at headquarters today show the region to be very quiet.

August 15, the feast of the Assumption, is a church holiday in the coal regions. All the Catholic churches hold exercises. The mine workers generally and their families either go visiting or hold large picnics. Owing to the strike and consequent lack of money, the day was not so well observed as in former years. The largest picnic grounds in this vicinity are now occupied by the troops.

SENATOR M'MILLAN AT REST

FUNERAL OF STATESMAN HELD IN DETROIT.

Distinguished Company of Senators in Attendance—Services are Simple.

Detroit, Mich., Aug. 15.—Extreme simplicity marked the funeral services this afternoon over Senator James McMillan, who died suddenly last Sunday at his summer home in Manchester, Mass. The services were as the dead man would have wished, without ostentation or display. It had been proposed that his thousands of employes should march in procession behind the hearse bearing his body to the tomb; that there should be a military escort and a public funeral commensurate with the senator's career. In obedience to the wish of the family, however, this was given up and the simplest of ceremonies held.

The senatorial delegation included some of the most intimate friends of the dead senator. It was made up as follows:

Senators Hanna, Ohio; Foraker, Ohio; Kean, New Jersey; McComas, Maryland; Allison, Iowa; Lodge, Massachusetts; Burrows, Michigan; Fairbanks, Indiana; Cockerell, Missouri, and Gallinger, New Hampshire. The District of Columbia, in which Senator McMillan was so deeply interested, was represented by District Commissioners McFarland and Biddle.

SITUATION IN VENEZUELA.

Washington, Aug. 15.—The only information from Venezuela received by the authorities here today was contained in a cablegram from Commander Rodgers, of the Marietta, merely announcing his arrival at La Guaira. He reported yesterday from Port of Spain the results of his trip up the Orinoco.

Minister Bowen, in a cablegram to the state department yesterday, was solicitous for the presence of an American warship at La Guaira. The arrival there of the Marietta probably will relieve his anxiety.

WILL DIRECT DEDICATION

COUNTY COMMISSIONERS NAME EXECUTIVE COMMITTEE.

Col. R. S. Robertson Will Be Invited to Deliver Historical Adress—Talk on the Program.

Without official information from Washington confirming the dispatches announcing that President Roosevelt will be in Fort Wayne on September 23, the board of county commissioners regards that date as practically determined upon for the dedication of the court house, and today gave out the executive committee selected to have general direction of the preparation for the event.

The committee is composed of Alexander Johnson, Samuel M. Foster, W. P. Breen, S. B. Fleming, Ben Lehman, Capt. A. H. Dougall, Fred M. Smith, James M. Barrett and the members of the board of commissioners. Formal notice of appointment is to be sent to the committee members very soon, and in the informal talks regarding the program it is contemplated that this committee will be in general charge of the event, naming several sub-committees to carry forward various parts of the work.

The commissioners do not favor a large number of speeches on such an occasion. Hon. W. Bourke Cockran, as has already been announced, will deliver the principal address, and it is probable that Col. R. S. Robertson will be invited to deliver the only other address, which will be of a historical character.

It is regarded as quite probable that Governor Durbin and his staff may desire to accompany the presidential train to Fort Wayne, but there is likely to be no difficulty in securing the judiciary and other distinguished men of the state for the dedicatory ceremonies, which will undoubtedly be held in the afternoon.

The commissioners, though powerless to appropriate public funds for such a purpose, would be greatly pleased to have the citizens of the city and county arrange a luncheon or banquet in honor of the distinguished guests on that day, and it is believed citizens will willingly take up the matter and provide an entertainment of this character. It will add greatly to the good opinion of Fort Wayne which the distinguished visitors will carry with them to their homes at the close of the dedication.

The executive committee will hold its first meeting Monday morning at 10 o'clock to begin formulating plans for the dedication, naming subcommittees and looking after other details in connection with the event.

POSTOFFICE DYNAMITED.

East Palestine, Ohio, Aug. 15.—A gang of robbers early this morning dynamited the postoffice safe here and secured $600 in cash and about $600 in stamps and stationery. The noise of the explosion aroused the citizens and an exchange of shots took place, but the robbers escaped with their booty. A posse is in pursuit of the robbers.

COLORED PUGILIST SLAIN.

Custer City, S. D., Aug. 15.—Roy Streeter, a colored lightweight pugilist of some local note, was shot and instantly killed on the street by another pugilist, John Gorman, better known as "Kid Hogan." The men met and renewed a former quarrel and Gorman emptied the contents of a shotgun into Streeter's body. Gorman is under arrest.

Rev. W. L. Wones, of Wolcottville, is in the city.

UP TO THOMPSON

IS EXPECTED TO CLEAR UP BARTHOLIN MYSTERIES.

A BREAKDOWN LOOKED FOR

THE MISSING EDWARDS NOW IN CHICAGO.

TELLS STORY TO POLICE

THOMPSON MAKES ADMISSIONS TO REPORTER.

Chicago, Aug. 15.—The police have today announced no new developments in the Bartholin murders.

Oscar Thompson, who is held under suspicion of complicity in the crimes and who last night made a confession to Inspector Hunt, in which he admitted all the police charged him with knowing and doing and then promptly declared he had merely been lying, has been "sweated" again today, but with what result is not given out.

The police, however, believe Thompson's complete break-down and confession of knowledge of and part in the tragedies is not far away.

EDWARDS IN CHICAGO.

Milton L. Edwards, one of the former roomers of Mrs. Anne Bartholin and a new witness who the police think will prove valuable in clearing up the mystery in the murders of Mrs. Bartholin and Minnie Mitchell, arrived in this city early today from Denver and at once placed himself in the hands of the police. Edwards was exceptionally well dressed and in practically no detail resembled William J. Bartholin, who is wanted to explain the deaths of his mother and sweetheart. He was frank in his statements, showed no signs of nervousness and said his action in coming to Chicago was entirely voluntary. To a representative of the Associated Press, he made the following statement:

"I have been very free to discuss the little I know about this case and I think I have told about everything that is materially of value. I am now in the hands of Chief O'Neill and inasmuch as the police have paid my expenses here I feel that I hardly should say more. I barely know Thompson and have spoken to him only three or four times. I never was a doctor or a hypnotist and could not possibly have put Thompson under any influence as he irrationally stated. I have already said that I thought things were queer at the Bartholin home and that is the reason I left there. I have a few things more to tell the chief of police, but the public must wait until the chief speaks. I saw Bartholin kissing a woman in the house, but what bearing that may have on the case I do not know. I am willing to tell the police everything that may be of value to them, but I hope I may soon be out of this disagreeable business. I had hoped my name would not be drawn into the affair."

EDWARDS EXAMINED.

Edwards was cross examined both by Chief of Police O'Neill and by Inspector Hunt, who is directly in charge of the murder investigation. Practically nothing new was elicited by the questioning. Edwards told in the same straightforward manner, as he had to interviewers, what he remembered of suspicious actions about the Bartholin house, of his fear that Mrs. Bartholin had been murdered, and his fear for his own safety if he stayed longer in the house. The story was repeated how he had been awakened by the howling of a cat, of how he had seen Thompson leaning over his bed one night and how Thompson had explained his presence in Edwards' room by saying he thought William Bartholin was sleeping there.

Edwards met Thompson today in company with the police. The men nodded to each other, but said nothing. Thompson was questioned by Inspector Hunt again, but reiterated his former statements that his mind was a blank on the night of the supposed Minnie Mitchell murder.

WHAT THOMPSON ADMITTED.

Oscar Thompson late last night admitted to a newspaper man, that he no longer denied the story of Mrs. Tallerday, who makes the charge that he and "Daddy" Claffy and a man supposed to be William Bartholin were quarreling under the window at 4 o'clock in the morning after Minnie Mitchell disappeared; and that with them was Thompson's laundry wagon, in which it is supposed the murdered girl's body was carted to the prairie at 74th and State streets.

"I turned in my laundry wagon at the Aagaard stables the night Minnie Mitchell was killed about 8:30 o'clock," he said.

"I stopped and had several drinks at Clancy's saloon and then I went to the house in Calumet avenue. It must have been about 10 o'clock when I reached there.

"I met Bartholin in the house. I do not know what happened there. I went to my room, and after that I cannot say anything as to what transpired in the house. I may have been drunk or I may have been drugged; I do not know.

"Whatever I did I do not know. I do not deny now that I went out with him, but I cannot remember. Whatever I did he made me do. I may have gone with him in the wagon, as this woman says she saw me with the wagon in the street the next morning. If I was there it is all a blank to me."

HE CONDEMNS THE JUDGMENT

COUNSEL'S VIEWS OF GAYNOR-GREENE DECISION.

Donald McMaster, Counsel for United States, Speaks Out Against Judge Caron.

Montreal, Que., Aug. 15.—Donald McMaster, K. C., leading counsel for the United States, today gave out the following statement in reference to Judge Caron's judgment in the Gaynor-Greene case:

"In my opinion the judgment is bad and the reasons in support of it worse. The judgment is in effect a snap judgment, without an opportunity for counsel being heard upon the whole case.

"The first ground of the judgment is that the warrant issued by Judge Lafontaine for the arrest of the prisoners does not contain the date of the commission of the crime."

Mr. McMaster considers this a most extraordinary reason, as he holds the warrant to be in the words of the form prescribed by the statute. According to him the date in the warrant was not at all necessary, neither by the form of the statute nor by the express terms of the extradition act.

"But suppose that the date were required in the warrant of arrest," he continues, "which it certainly is not, once the prisoners are brought before a judge or justice the date in the warrant becomes absolutely immaterial.

"On the whole, I am unable to conceive how this judgment under such circumstances could be rendered. The authorities submitted on behalf of the United States government do not appear to have received any consideration; neither does the judgment of Justice Andrews. It is either ignored or lightly brushed aside. That judgment was res judiciata. Justice Caron was absolutely bound by its terms upon every principle underlying the administration of justice."

GOING AT TERRIFIC SPEED

FAIR AUTOMOBILE WAS OUT OF REPAIR.

Chauffeur Says They Were Trying to Stop Machine When the Accident Occurred.

Paris, Aug. 15.—The bodies of Mr. and Mrs. Charles Fair, who were killed in an automobile accident yesterday near Evreux, were embalmed and placed in coffins today, after which they were shipped to Paris, whence they will be taken to San Francisco.

The chauffeur said today that before the accident he noticed the tire of the left hind wheel of the machine was deflated and that the rim of the wheel was rubbing on the ground. He told Mr. Fair, who tried to stop, and the accident followed. Peasants who saw the automobile say it was going at such a terrific pace at some points that it was impossible to distinguish its color. The firm that sold Mr. Fair the automobile last June says he paid $12,000 for it and ordered another at the same price, to be of sixty-horse power. The second machine was almost ready for delivery.

Mr. Fair was passionately fond of automobiling and never missed a day on the road. Several times he attempted to beat the one-hour record.

Mrs. Metcalf, of Leo, who underwent a severe operation at St. Joseph hospital yesterday is improving nicely. The patient is under the care of Dr. W. H. Myers.

APPEAL TO STAND

HENRY ROTHSCHILD BEFORE STATE TAX BOARD.

WANTED APPEAL DISMISSED

COUNTY BOARD RAISED HIS ASSESSMENT TO $10,000.

NOW SAYS HE WILL STAND IT

HE ADMITS HIS RETURN WAS TOO SMALL.

(Special to The Sentinel.)

Indianapolis, Ind., Aug. 15.—Henry Rothschild, a well known capitalist and money-lender, of Fort Wayne, was brought before the state tax board on subpoena this morning to testify in his appeal from the Allen county board of review, which raised his tax assessment from $1,150 to $10,000.

He was accompanied by Former Supreme Judge Walter Olds, as attorney, and declined to answer questions on the value of notes and mortgages held by him.

Judge Olds said such testimony would tend to incriminate his client, who he said found he had made a mistake.

Judge Olds asked the board that the appeal be dismissed, saying that Mr. Rothschild would gladly accept the assessment of $10,000 made by the Allen county board.

The state board declined to dismiss the appeal.

HE ADMITTED IT.

This afternoon Rothschild admitted to the state board that he held $9,650 worth of notes and mortgages when he made his return of $1,050. County Assessor Eggemann, who was present at the examination, said that $6,000 will be added to the original assessment as back taxes.

INSTITUTE WILL BE LATER

COUNTY TEACHERS' MEETING DEFERRED UNTIL MIDWINTER.

Under New Plans County Superintendent Expects to Bring Best Instructors to Fort Wayne.

The annual institute of Allen county teachers, which in the past has usually been held the first week in September, has been deferred some months, and while it has not yet been possible to fix the exact date, it will probably not be held until mid-winter.

Superintendent Young will have the active co-operation of Superintendent Study, of the city schools, in the direction of the meeting this year, and it is designed to bring to Fort Wayne the ablest instructors in America. Men of this type cannot be secured at this season for the reason that their time has been contracted for months ago. Under these circumstances it has been thought best to defer the institute until mid-winter, probably during holiday vacation.

An effort will be made to secure Dr. W. F. Harris, of Washington, the United States commissioner of education, as one of the instructors. A new plan is also adopted to raise funds for holding the institute. Instead of making an assessment upon teachers at the time of examination, the teachers in the rural districts will now be assessed an amount equal to one day's salary. The city schools will provide a like sum, which is to go into the institute fund.

EXCEED APPROPRIATIONS.

Washington, Aug. 15.—Bids were opened today by the acting postmaster general for the rental of pneumatic tube service in Boston, New York, Brooklyn, Philadelphia, Washington, Chicago and St. Louis, several of the bidders or their representatives being present. The bids greatly exceed the appropriation of $500,000 granted by congress to be used for this purpose for the fiscal year 1903. It was announced after the opening that no awards would be made at present, as it will be necessary to make some adjustment among the different cities in order to come within the appropriation.

WILL CONSIDER IT THURSDAY.

The consideration of the proposed grading of Fourth street and the construction of pavements between Harrison and Clinton streets, postponed from last night's meeting of the board of works until this afternoon, has again been postponed. Attorney Doughman, representing the Lake Shore company, appeared before the board this afternoon and stated that the time for the preparations of his objections and the company's position with regard to the improvement was too short to enable him to make a satisfactory presentation today, and therefore he requested that the entire matter be deferred until next Thursday night, at the regular session. Member Doehrmann is out of the city and the other two members of the board, Messrs. Eggemann and Zollinger, agreed to the postponement.

A NEW FASHION IN CHINA

OLD TRICKS OF EXTORTION NOT TO BE TOLERATED.

Some Features of the Decree Commanding Collection of Money to Pay Indemnities.

Washington, Aug. 15.—Minister Conger, at Pekin, has transmitted to the state department the imperial decree concerning the raising of funds in the several provinces for the payment of indemnity exacted by the powers as a result of the boxer uprising. The decree directs that there shall be no extortion and that the people must not be irritated. The viceroys are commanded to do away with what will cause friction and needless severity. The decree declares that if any are "found out in their old tricks" and "filling their own pockets" they will be severely dealt with.

Minister Conger also sends a proclamation of the vicaroy of Chi-Li, in which the people are warned against carrying arms. Reference is made to the boxer troubles and the viceroy says old scores must not be raked up. "The people and the Christians must not retaliate against each other," concludes the proclamation, "but forever be at peace with each other. Tremble and obey!"

J. W. GATES GIVES $500 TIP.

Saratoga, N. Y., Aug. 15.—Oscar, he of the Waldorf-Astoria, has reason now to turn green with envy. Until yesterday he held the record for "pulling off" big tips, but through the instrumentality of John W. Gates, Oscar is dethroned, and a heretofore obscure waiter has been boosted into the horizon of high-class tip-grabbers. He is Gustav Bauman, until noon yesterday a waiter at the United States hotel.

When John W. Gates, who was served by Bauman, finished his luncheon the magnate beckoned to Bauman, and slipping a bill from his ponderous wallet, flipped it toward the waiter. Bauman caught it on the fly, and then fainted—at least he paled and sank into a chair. A $500 bill was clutched in his nervous grasp.

"All for me," he murmured.

Instantly he gave up his job, threw off his apron, ordered a bottle of wine, and when last heard of was driving in a stylish rig toward the race track. Mr. Gates only smiled when asked about the tip.

MAY COME TO AMERICA.

Rome, Aug. 15.—Members of the religious orders expelled from France, especially sisters, are applying to the Vatican authorities for permission to settle in the United States. Several of them have come to Rome personally for the purpose of urging their requests. A reply has been sent to them pointing out that there are no vacancies in the United States, and besides calling attention to the difficulty arising from the fact that the expelled sisters do not speak the English language. Canada has been suggested as a better field, as sisters are comparatively scarce there and because French is spoken in a large area of the dominion. The applicants, however, do not take kindly to the suggestion and persist in their request to go to the United States.

CORBIN VISITS PRESIDENT.

Oyster Bay, L. I., Aug. 15.—The president had as his guests at luncheon today Maj. Gens. H. C. Corbin and S. M. B. Young, Henry Loomis Nelson, the author; Jacob A. Riis, of New York; Robert A. Morris, chairman of the New York county republican committee; former Governor David A. Francis, president of the Louisiana Purchase exposition, and Henry M. Warren, of Philadelphia. Generals Corbin and Young are en route to Germany to witness the fall manoeuvres of the army. They called on the president to pay their respects before sailing.

SLAIN BY HIS WIFE

LIGHT THROWN ON MURDER OF WEALTHY IOWAN.

ASSASSINATED WHILE ASLEEP

CHARLES HOLADA CONFESSES HIS COMPLICITY.

WOMAN IN LOVE WITH HIM

TOGETHER THEY PLANNED THE HUSBAND'S DEATH.

Des Moines, Iowa, Aug. 15.—A special from Iowa City states that Charles Holada has made a confession in which he states that James Gaullagher was murdered by Mrs. Gaullagher with his complicity and that the crime was committed because he and Mrs. Gaullagher were in love.

Gaullagher was a wealthy stockman. Four months ago he was murdered at midnight while sleeping by the side of his wife and child, the assassin sending a bullet from a target rifle through his head. Tracks led across a corn field to Holada's house and he was arrested. Holada had sought employment of Gaullagher under an assumed name and claims to have won Mrs. Gaullagher's heart while her husband was away on business trips.

Holada declares they planned to poison Gaullagher and that while he was present at the house the night of the murder, he left hours before and had no hand in the shooting.

FORT WAYNE GIRL IS VICTOR

ANNIE VIRGINIA PHILLEY WINS ORATORICAL PRIZE.

Awarded Gold Medal at Island Park Thursday and Will Seek Still Higher Honors.

Miss Anna Virginia Philley, twelve years old and the daughter of Mr. and Mrs. H. A. Philley, was awarded the gold medal at the oratorical contest given under the auspices of the W. C. T. U. at Rome City yesterday. There were six contestants. Miss Philley has led twice in this series, receiving the silver medal in the former contest, which took place at the Plymouth Congregational church last spring. She will now contest for the grand gold medal and the diamond medal and if successful in each will be the recipient of the highest honors in an oratorical way that the W. C. T. U. have to bestow. The young lady is a niece of Miss Anna Philley, who has been engaged some years as an instructor in oratory and reading.

FIND MILLIONS IN LETTERS.

London, Aug. 15.—The annual report of the postmaster general shows that the large total of $3,375,000 was found in letters undelivered during the past year. The undelivered letters totalled no less than ten millions, while the delivered missives amounted to 2,451,500,000, an average of 58.9 for each person in the united kingdom. The postmaster general also reports that fresh experiments with motor cars showed that they cannot be relied upon to carry heavy loads of mail matter with the same regularity as wagons drawn by horses.

SORORICIDE IS INSANE.

Boston, Aug. 15.—Herbert E. Hill, the young man who murdered his sister and committed a murderous assault on his mother at their home in Roxbury, July 8, was today adjudged insane and ordered committed to an asylum.

MAGAZINE EDITOR DIES.

New York, Aug. 15.—Charles H. Smith, the publisher of a magazine called the American Home, and said to have been a retired army officer of the rank of colonel, was found dead today in bed at a hotel in West Twenty-sixth street, where he resided with his wife. Heart disease was pronounced as the cause of his death. He was 62 years of age and has a son in Norfolk, Va.

COAL UP IN INDIANAPOLIS.

Indianapolis, Aug. 15.—The price of anthracite coal has jumped to $9 in Indianapolis. It is estimated that there are not over 1,000 tons of anthracite in the city for sale.

OUT FOR SHEPARD

GRIGGS BOOMS BROOKLYN MAN AS NOMINEE IN 1904.

SAYS HE COULD BE ELECTED

CHIEF OF CONGRESSIONAL COMMITTEE TALKS.

A CONFERENCE IN NEW YORK

BRYAN DEFINES HIS POSITION AS TO PRESIDENCY.

New York, Aug. 15.—"For president in 1904, Edward M. Shepard," is the nomination made in conversation with democrats at the Hoffman house yesterday by James M. Griggs, chairman of the democratic congressional committee, who is conducting an energetic campaign by which the democrats hope to capture the next congress.

Chairman Griggs arrived in town yesterday morning to confer with eastern democrats concerning the fall campaign. Among those he came here to see were the Tammany triumvirate, Mr. Shepard, the Brooklyn leader, and the New York city congressmen. Mr. Griggs called during the day at Mr. Shepard's office and talked with a number of Tammany leaders.

GIVES VIEWS OF SHEPARD.

"I regard Mr. Shepard as one of the ablest and strongest of our national leaders," said Mr. Griggs. "I consider him the most promising in connection with the future leadership of the party. While it is a long while in advance for predictions, I regard him as a most likely man for the democratic nomination in 1904.

"I have the warmest admiration for Mr. Shepard. He is a statesmanlike and intellectual leader and one who has always been regular as regards the party organization.

"Whatever this individual views may have been, Mr. Shepard voted the regular ticket in both the last two national elections and he has always been true to his party. He is now taking a most active and intelligent interest in its affairs, is giving it the benefit of his splendid judgment and advice and is most anxious to see it succeed.

DEMOCRATS ADMIRE SHEPARD.

"His splendid services to the party in this state and his brilliant campaign for mayor last fall have attracted the attention of democrats all over the union, and they are looking to Mr. Shepard as a man of the future, one who is broad, able, statesmanlike, young and without antagonism. He has the confidence of all and would be a man for the party to be proud of."

Chairman Griggs declared also that he meant no disparagement of any of the other able democrats whose names have been mentioned as possibilities for the democratic presidential nomination. What he said was merely the informal expression of his personal opinion. His personal contact with Mr. Shepard had confirmed this previous high opinion of the Brooklyn leader's abilities.

EXPECTS TO WIN THIS FALL.

Chairman Griggs is confident the democrats will win the next congress. He said that those who were estranged from the party in 1896 and 1900 had come back and would vote with the party this year. Those who talked with him assured him that the democrats would gain six congressmen in New York state, two of them in Brooklyn. The latter is Mr. Shepard's own estimate.

"The prospect for democratic success is most favorable," said Mr. Griggs. "The issues, of course, are imperialism and the tariff and trusts. Which is the paramount issue it is not necessary for me to say. The voters themselves may decide. The attitude of the republican party on the questions has aroused the entire country. The republican congress after an extended session did nothing with the trust question, but after congress adjourned the president was a valiant fighter of them."

BRYAN OUTLINES HIS PLANS.

Lincoln, Neb., Aug. 15.—In answer to a direct question whether he will be a candidate for president in the next campaign, W. J. Bryan has sent the following letter to the editor of the New Orleans Times-Democrat:

"I shall not be a candidate for the presidency in the next campaign, and, I may add, I have no choice beyond the desire to see some one nominated who was loyal not only to the ticket, but to the platform in 1896 and 1900, and who, if elected, could be trusted to stand by the people in their struggle against organized wealth.

"While no one can look very far ahead or foresee the contingencies that may arise, I have no plans looking to a renomination at any future time.

"I am deeply interested in the reforms for which I have been contending and shall continue to advocate them. I am content to do my work as a private citizen, and am sure that I find more pleasure in my present position than I would be in the distribution of patronage.

"If I ever again become a candidate for the presidency it will be because I am convinced that I can in that way give more effective aid to the cause in which I am enlisted for life, and I am not anxious to be convinced. I cannot say more without prejudging events."

BIG DEAL IS COMPLETED.

The final details in the Lawton Place Improvement company's deal for the improvement of the tract of land known as the Barnett property, east of Spy Run avenue, were completed yesterday, when the last deeds for the land arrived from the west, were duly acknowledged and recorded and the final payment of $10,000 in cash was paid over by the incorporators. A new plat of the property is being prepared and will be filed as soon as completed and then work will be commenced immediately by the company, much of the grading being expected to be completed this fall and by spring everything will be in shape to push the erection of houses. The entire deal was engineered by Gregg Davis and it is probably the most pretentious land transaction made in the city this year.

HOLY DAY CELEBRATED.

The feast of the Assumption was celebrated in all the Catholic churches of the city today with special services. At the Cathedral Rev. Reilly, of Chicago, celebrated solemn high mass at 9 o'clock. The festival is observed in celebration of the miraculous ascent of the Virgin Mary into heaven and rests upon a purely traditional account of the ascent, first recorded by Gregory of Tours. The time of the festival was first fixed in the eighth century. It is celebrated in both the Roman and Greek churches.

BOARD OF WORKS MEETING

SIDEWALK BUSINESS TAKEN UP BY THE BOARD.

Lake Shore Road Asks for Time in Fourth Street Improvements —Routine Matters.

The board of works met in regular session last night and transacted a small amount of routine business, the principal item, that of building sidewalks on both sides of Fourth street, from Harrison street to Clinton street, being carried over to an adjourned session this afternoon. The city engineer was instructed to prepare plans for the improvement several weeks ago and it contemplates the grading of Fourth street as opened through the Lake Shore company's property lying east of the Lake Shore tracks. The entire expense of the improvement will fall upon the company and Mr. Doughman, representing the railroad corporation, asked that the laying of sidewalks be postponed; the grading of the street was not so much objected to. The board agreed to defer action until today, when the matter will again be taken up.

Judge Aiken presented himself to complain of the almost intolerable dust which is a continuous nuisance on St. Joe boulevard. He asked whether the street could not be graveled and the nuisance thus be at least partly abated. The board agreed to give the request prompt attention.

A petition to construct an alley sewer to drain the new Noble factory on Hayden street was filed and William Waikel was granted a permit to lay a cement sidewalk on Superior street, between Fairfield avenue and Fulton street, by private contract. The following improvement resolutions previously passed were then confirmed:

For the construction of sidewalks on the south side of St. Martin's avenue, from Lafayette street to Warsaw avenue; on the east side of Cass street, from Wells to First street; on the south side of Fifth street, from Gmeiner's addition to Barthold street, and relaying the sidewalk on the west side of Force street, from Buchanan street to Foundry addition; for grading Simon street, from Winter street to Walton avenue; for grading Fletcher avenue and laying sidewalk on the east side from Wabash avenue to Wayne trace, and for grading Lantermier street, from Winter street to Walton avenue; for the construction of a clay pipe sewer in the alley east of St. Mary's avenue, from the alley between High and Sinclair streets to Third street, and in the alley between Sinclair and Third streets, from the alley east of St. Mary's avenue to the east line of Bass & Hough's addition.

CITY HALL NOTES.

A second case of diphtheria has been reported at No. 2111 Smith street.

The city comptroller started to collect the assessments for the Columbia street pavement on August 8 and so far has met with rather indifferent returns. The bonding of the assessments will expire August 22 and up to date but two pieces of property have been bonded. This he says indicates that there will be very little bonding done there on the contract just completed.

Frederick Pagels has been granted a permit to build an addition to his store at the corner of Lewis and Hanna streets, at a cost of $800; Mr. Dragoo to build a dwelling house on Oliver street, to cost $1,500, and Bartenuck & Nassenstein to build four houses on Wabash avenue, to cost $2,200 each.

The Wabash city council will visit Fort Wayne in a body next week and as soon as the date is fixed the Fort Wayne fathers will arrange to give them an appropriate and fraternal reception. The Wabashians will come as the guests of Manager Nelson, of the Southwestern traction company.

BRING REMAINS HERE.

The remains of Jeannetta F. Walton, 20 years of age, were brought to Fort Wayne over the Lake Erie and Western railroad at 2:30 o'clock this afternoon and were taken direct to Lindenwood for interment. The girl committed suicide yesterday by shooting herself through the heart with a revolver at Noblesville, Ind., where she was an inmate of a house of ill-repute. The Walton girl has been in police court frequently in this city during the past two years, the last time being in March when she received a twenty-one day sentence. Soon after being released from jail she went away and the next intelligence received from her conveyed the information of her suicide. Her father is Horace Walton, at present an inmate of the soldiers' home at Marion, but formerly a resident of this city.

LITTLE EFFECT HERE.

Fort Wayne national bank officials have read with some interest the federal decision providing that banks must pay a special tax upon undivided profits, as well as on surplus under the repealed war revenue act, but it is stated that the item will not affect local banks extensively, for the reason that the undivided profit fund is not permitted to reach a large figure. One of the officials stated this morning that he believed $40,000 would cover the total undivided profit fund in the national banks in this city. The tax on the surplus has already been paid.

JUDGE CHAPIN IS ACTING.

Owing to the absence of Judge John H. Baker from his district, the referee, Judge A. A. Chapin, of this city, is acting in the adjudication of bankruptcy petitions which in the ordinary course of procedure would be first submitted to the federal judge.

One new bankruptcy petition was filed today—that of Milton R. Kime, a fireman residing in this city, who says he owes $4,407.38, and can find but $172 with which to pay it. Charles W. Porter is his attorney.

ENTER BUSINESS HERE.

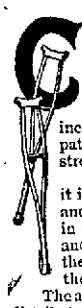
The Fort Wayne Employes' Credit company is the name of a new organization just effected by Huntington men, and it will embark in business in Fort Wayne next week. Offices are to be opened in room 4 of the Schmidt block, and the manager will be O. W. Lake, until recently agent of the Wabash at Huntington. Mr. Lake was formerly agent for that company at New Haven. The company will loan small amounts to salaried people.

EXPECT A GREAT CROWD.

Tomorrow the annual field day exercises of the Fort Wayne Caledonian society will be held at the Huntington fair grounds, and indications point to a very large attendance. The [illegible] that the interurban cars to the [illegible] and Auditorium [illegible] preparing to handle the crowd.

Miss Blanche Study entertained a company of friends this afternoon in compliment to her guest, Miss Wilde, of St. Louis.

CRUTCH-BOUND



The crutch is a poor substitute for legs, and affords a very inconvenient and tiresome mode of locomotion—there is no more pathetic sight than a person slowly and painfully moving along the street supported by these artificial limbs.

When Rheumatism settles in the bones and muscles of the legs, it is safe to predict that the victim will eventually become helpless and crutch-bound. The corrosive, irritating matter that is deposited in the joints and muscles causes the most intense pain, the knees and ankles swell, and when the natural oils and fluids that lubricate these parts are completely destroyed the joints become locked and the muscles drawn and stiff, and crutches a necessity.

The acid poisons that produce rheumatic pains form in the blood, and are distributed through the system, and lodged in the arms, shoulders, hands, back and feet, or other parts of the body—resulting often in total disability. A permanent cure of Rheumatism can be effected only by a complete cleansing of the blood, and no other remedy so surely accomplishes this as S. S. S. It neutralizes the acid effects, purifies and invigorates the stagnant blood, and the gritty particles are washed out or dislodged by the new rich blood, and relief comes to the pain-racked sufferer. S. S. S. leaves no morbid, irritating matter in the blood to reunite and produce another attack, but expels every atom of it from the system. S. S. S. is a purely vegetable remedy, and does not impair the digestion or general health like alkali or potash remedies.

FOUGHT FOR THE UNION.

A recent issue of the Notre Dame Scholastic, the organ of that college, gives a sketch of the "Continental Cadets," a company of students of Notre Dame who achieved fame in competitive drills all over the United States. The company volunteered during the civil war and served for three years, many of the officers and privates rising to high rank. J. C. Peltier, A. J. Stace, J. H. Cody and John H. Fleming, of this city, were members of the company, the three former being still living.

INSTRUCTOR IS APPOINTED.

Prof. Robert Nohr, of Milwaukee, was appointed supervisor of physical culture of the public schools of the city at a special meeting of the school board last evening. Dr. Nohr was formerly instructor in physical culture in the public schools of Cincinnati and has been at the head of the Northside Turnverein in Milwaukee. He will inaugurate the system of the American Turnerbund, which is now used in many cities in the United States. Prof. Nohr succeeds Mrs. Ormsby, who resigned this spring.

CROSS OCEAN IN A LAUNCH.

London, Aug. 15.—The London Chronicle correspondent at Falmouth telegraphs that Captain Newman and his son, Edward, arrived there last night, having crossed the Atlantic in a thirty-eight-foot launch. They had some terrible experiences on the voyage, having encountered a succession of heavy gales, in one of which the kerosene tank was smashed and the launch was flooded with oil, after which the voyagers lived in constant fear of an explosion. The boat rode out the gales finely and the engine worked well. Every Sunday, sometimes in gales, the couple held divine service. The food held out well. His sufferings told severely on Newman, who looks like an old man, but the boy, though ill for a time on the voyage, now seems none the worse.

GREAT HIGHWAY IS PLANNED.

South Bend, Ind., Aug. 15.—The New York and Chicago Road association has been formed to promote the building of a short cut highway from New York to Chicago. The idea of the association is to reduce the distance of 987 miles to 850 miles and put the roads in good condition. The association is composed of representatives of the automobile, cycle and road-making associations. Col. A. A. Pope is president. The committee representing the association is in South Bend looking over the roads leading out of the city. Their intention is to have the road run through Newbury, N. Y.; Binghamton, N. Y.; Elmira, N. Y.; Horning, N. Y.; Jamestown, N. Y.; Conneaut, Ohio; Cleveland, Ohio; Sandusky, Ohio South Bend, Ind., and Hammond Ind.

FEAR FOR EUROPEANS.

Bangkok, Aug. 15.—Great anxiety prevails here because no telegrams have been received from Europeans in the north since nine days ago when the Shans attacked Lakon and were repulsed. The telegraph line is open. Official reports are reassuring.

Later—French troops, after a record journey, occupied Phrae and it is reported the Shans were defeated with a loss of 200. The danger is believed to be over and the Europeans are unmolested.

BARTEL—HARTSHORN.

Miss Frances Hartshorn, daughter of Mr. and Mrs. Salem J. Hartshorn, was united in marriage last evening to Robert Bartel, of Detroit. The wedding occurred at 8 o'clock at the bride's home, Rev. E. W. Allen officiating. The bride wore a pretty wedding gown of white batiste. The house was decorated with ferns and sweet peas. At the wedding supper only the relatives and intimate friends of the couple were present. Mr. and Mrs. Bartel leave for Detroit Sunday, where they will reside.

HAVE SOMETHING TO SHOW.

Dr. L. B. Davis and Prof. T. L. Staples have returned from Michigan, where they spent a few days fishing in the Kalamazoo river. They brought with them 115 small-mouth bass, ranging from one to four pounds, and three six-pound pike, and the catch is on exhibition at the Royal Palm cafe. Dr. Davis gave twenty-five bass to friends in Kalamazoo. The catch is undoubtedly the best ever made by Fort Wayne fishermen in two days.

COLLIDED WITH A TREE.

New York, Aug. 15.—A serious automobile accident has just occurred near Bourg-En-Bresse, says a Herald cable from Aix-les-Bains. M. Maurice Dollfus and his mother, wife of the well known stock broker, collided with a tree. Mme. Dollfus had a leg and an arm broken and the automobile was completely smashed. M. Maurice Dollfus and the chauffeur were uninjured.

Out Lots

I now offer the 120 acres on Walton avenue immediately south of the Lutheran college land, price $24,000 for the entire tract, $200 per acre, which will retail out at $400 per acre. Good opportunity to double your money. Terms easy, small payment down, long time on remainder. When we cleared off the very heavy timber on this rich land, many years ago, 900 thrifty young shade trees were left for outlot purposes, all of which are still there and growing. The population of Fort Wayne is steadily increasing and a still more rapid growth is now about to develop.

Friends of Senator Foraker are now promoting that prairie fire orator for the vice presidential nomination in 1904. Grandpa Hanna will have to snuggle up closer than ever to the workingman.

Henry Watterson declares he cannot afford to buy the governorship of Kentucky and would not if he could, and confesses he has neither taste nor skill for running a political machine. In other words he wants to be let alone.

Mr. Bryan says he has no choice to express as to the democratic presidential nominee in 1904 save that he shall be a democrat who was loyal to the platform and nominees in 1896 and 1900. Why those two campaigns? Why not add 1892 to the test of loyalty?

If the Venezuelan revolutionists will have the good sense not to molest the persons or property of foreigners, outsiders will not much care how soon the Castro government is overthrown. One usurping dictator is usually not much better than another, but it is certain none could be worse than Castro.

The combination that enables the harvester makers to produce machines cheaper, also enables them to extort higher prices. There is nothing between the consumer of trust products and extortion save the good will of the trust. Experience has not taught the people of this country that that is an altogether safe reliance against oppression.

Surplus stocks of hard coal are about exhausted, the anthracite miners are idle, the operators show no disposition to help end the strike, the price of coal is advancing and cold weather is not far off. Taken altogether, these facts constitute a combination of reasons that fully justify some measures to bring the anthracite war to an end. The laws and the judges that are powerful enough to suppress the miners surely are powerful enough to protect the public.

If it did not relate to one of the most grewsome and revolting crimes of recent years, the conduct of Thompson, held by the Chicago police in connection with the Bartholin murders, would be amusing. After being repeatedly in the police "sweatbox" he finally made confession of all the officers wanted him to admit, and then straightway informed his inquisitors that all he had admitted was untrue; that he had confessed merely to oblige the police. It was a grewsome joke, but it showed a bit of genius.

Santos-Dumont has sailed away to France without so much as flapping his wings, much less spreading them for flight. The Aero club, in New York, is perplexed by the aeronaut's sudden flight, which is a quite different kind of performance from that they had arranged for. The Brazilian says he cannot fly without money, though from all accounts the Aero club had been furnishing cash for expenses of preparation. It looks somewhat as though M. Santos-Dumont had been playing what certain men of ungodly practices would term a "four-flush." Or is he just advertising himself by displays of pettishness a la prima donna?

Chairman Griggs, of the democratic congressional campaign committee, has picked his candidate for the presidential nomination in 1904 and his choice will attract attention, not because he has brought forth a hitherto unmentioned man, for he does not, but because it is a very good choice. Chairman Griggs believes the strongest man the democrats can nominate two years hence is Hon. Edward M. Shepard, of Brooklyn, who was the democratic nominee for mayor of Greater New York in the campaign a year ago. There can be no discounting of Mr. Shepard's abilities or his high character. He has the qualities of leadership and is of presidential caliber. No democrat in the east has a better standing. His political and civil training was gained by intimate association with the late Samuel J. Tilden. He is scholarly, intellectual and courageous. While making his canvass for the New York mayoralty he did not hesitate to denounce the abuses committed by the Tammany hall organization in the Van Wyck administration, notwithstanding he himself was in effect the Tammany candidate. If the next democratic presidential nominee comes out of the east a long hard hunt will be made before a better or stronger man is found.

SHOT BY WIFE'S LOVER.

Knoxville, Tenn., Aug. 15.—Authentic details have been received of a desperate affray in which three young men and a woman, all of them prominent in Scott county, Tenn., were involved, and which resulted in the death of one and the possible death of another. For some time past Whig Duncan, a nephew of Rev. Whig Duncan, a Baptist minister, had been suspected of being too attentive to the wife of Jarratt Trammell. Trammell and his brother, Mart Trammell, returned to the former's home somewhat unexpectedly, and upon attempting to enter Mrs. Trammell's room were met with a revolver fire from both a woman and a man. The woman was the wife of Jarratt Trammell and the man was Whig Duncan, jr. Jarratt and Mart Trammell fell to the floor, the former dead and the latter mortally wounded. Mrs. Jarratt Trammell and Whig Duncan, jr., escaped into Kentucky.

EVANGELIST WILSON COMING.

Evangelist Allen Wilson, of Indianapolis, will conduct a six weeks' series of evangelistic services at the West Jefferson street Church of Christ, beginning Sunday, Sept. 7. Rev. Wilson is one of the leading revivalists of the country and has achieved marked success in that work. At Dayton, Ohio, he conducted a series of meetings at one of the Churches of Christ and made over 500 conversions. He will be assisted by Singing Evangelist Kendall.

Fort Wayne people who desire to go to Rome City on the morning train Tuesday to prepare for the Venetian Night carnival will be given a round trip rate of 75 cents. The afternoon and evening rate on the special trains is 50 cents.

THE WORK OF THE PYTHIANS

SUPREME BODIES ARE STILL IN SESSION.

Election of Officers Brings a High Honor to Indiana Man—The New Officers.

San Francisco, Aug. 15.—The supreme lodge of the Knights of Pythias were again in session today at the Palace hotel and the supreme temple of the Rathbone Sisters met in Native Sons' hall. At both places matters of much interest to the order was discussed. The competitive drills between crack companies of the Uniform Rank, which daily attract many spectators, were resumed on the United States military parade ground at the Presidio. The judges will render their decision as to the successful competitors tonight. The Knights of Khorassan held a ceremonial session at Elks' hall and also participated in an excursion around the bay to the Mare Island navy yard. There also were several other excursions to different places in the state.

Tonight there will be a concert and entertainment for the benefit of the Knights at the Chinese theater. An exhibition drill at the Pavilion will be followed by a spectacular exhibition by Modoc Indians.

OFFICERS ELECTED.

The supreme lodge of the Knights of Pythias will hold its next biennial session in Louisville, Ky., in 1904. The Kentucky delegates made a strong fight against St. Louis, the only other candidate for the convention honors and won by about two to one.

The election of supreme officers occupied the greater part of yesterday's session. Tracey R. Bangs, of Grand Forks, N. D., for the past two years supreme vice chancellor of the Knights of Pythias, was exalted to the supreme chancellorship by the unanimous vote of the supreme lodge.

Charles E. Shiveley, of Indiana, was elected supreme vice chancellor.

Supreme Representative George E. Church, of California, was elected supreme prelate over the incumbent, C. E. Ensley, of New Mexico, and Wm. Simmons, of Delaware.

For supreme master of arms, I. F. Carnsworth was the choice of the convention. R. L. O. White was re-elected supreme keeper of records and seal, as was also Thomas Demarest to the chair of supreme master of the exchequer. The twenty-six years of faithful service of John W. Thompson, of Washington, D. C., as outside guard was rewarded by re-election.

The other officers elected are: Supreme inner guard, C. W. Hall, of West Virginia; president of the board of control of the Endowment rank, C. F. S. Nael, of Chicago; major general of the uniform rank, James R. Carnahan, of Indianapolis. The supreme chancellor reappointed E. A. Graham a member of the supreme tribunal, his term having expired.

The supreme tribunal elected as its supreme recorder Robert A. Brown, clerk of the supreme court of Indiana.

KNIGHTS OF KHORASSAN.

The dramatic order of the Knights of Khorassan installed Imperial Prince John H. Holmes, of St. Louis. This order, which was in debt last year, now has $14,500 in the treasury and a membership of 16,822.

The title of sublime venerable prince was abolished. The officers installed were: Imperial prince, John H. Holmes, of St. Louis; basha, W. D. Hafield, Peoria; kadi, D. F. Summey, Charlotte, N. C.; secretary, H. W. Belding, St. Louis; treasurer, C. B. Fraser, Garden Grove; adool, Wm. Beatty, Toledo; ikfar, C. G. Stansbury, Los Angeles; trustee, Ed Guffey, Louisville; azim, A. S. Botkins, Indianapolis.

The dramatic knights decided to meet in St. Louis in 1909, consequently they will not join with the supreme lodge two years hence.

Competitive drills in classes A and B, of the uniform rank, were held yesterday. The class A contests were held at the United States military reservation in this city. The companies competing were Kalamazoo, Mich.; Calhoun, Mich.; Chevalier, San Diego, Cal., and D. D. Burns Hussars, Missouri.

Alexandria company, of Indiana, was suspended, pending an inquiry. It was charged that the Alexandria company was made up of picked men of other companies of Indiana. The judges of the contest are United States army officers. Awards will be made Saturday. In the B class two California companies competed.

PYTHIAN SISTERHOOD.

The supreme assembly of the Pythian Sisterhood elected and installed the following officers: Supreme chancellor, Mrs. W. A. Dilworth, of Nebraska; past supreme chancellor, Mrs. H. P. Libby, Maine; vice chancellor, Mrs. Geo. W. Adams, Massachusetts; prelate, Mrs. J. O. Arthur, Pennsylvania; mistress of the exchequer, Mrs. L. A. Smalley, New Hampshire; keeper of the records and seal, Mrs. Robert Smith, Ohio; mistress-at-arms, Mrs. J. M. Marill, New York; inner guard, Mrs. W. D. Laird, Rhode Island; outer guard, Mrs. E. P. Lake, New Jersey.

The Rathbone Sisters adopted a new law making daughters of members eligible for membership. Election of officers was deferred until tomorrow.

KANSAS CORN LIAR ACTIVE.

Kansas City, Aug. 15.—A report from Lee's Summit, Kan., tells the story of a frightful occurrence in the corn belt near that place. The story was given circulation by a Lee's Summit paper, and illustrates the horrible dangers that Kansas is suffering by reason of the tremendous corn crop.

The hero of this awful tale is Willie McKeighan, a small boy, who climbed a cornstalk to see how his father's crop was getting on. The stalk grew so fast that the faster the boy slid down the higher up he was carried. At the last report Willie was out of sight and still ascending. Many men are at work trying to chop down the stalk, but the effort is useless, because the plant grows too fast for the ax to hit twice in the same place. The boy is living on raw corn, and has already thrown down four bushels of cobs. The stalk is now so high that the cobs take five in the air like meteors. Farmers in the vicinity are arranging to send up balloons for the relief of this poor victim of the corn crop.

REMARKABLE CURE OF DYSENTERY.

Mr. J. B. Davis, who resides three miles north of this place has a son fourteen or fifteen years of age who was taken with dysentery last December, and to our knowledge was treated for four or five months by physicians of splendid reputation. The boy grew worse all the time and got so he could scarcely walk across the room. About thirty days ago we sold Mr. Davis a 25-cent bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy on a guarantee. In about a week he came back for a second bottle and stated that his son was a great deal better than he had been since December. The second bottle has cured him of the trouble entirely.—G. E. Nettles & Co., Putnam, Ala. This remedy is for sale by all druggists. 8-14-2m

CROWDS THRONG THE ABBEY

LONDON'S POPULACE WANTS TO SEE DECORATIONS.

Reduction of Price of Admission Attracts Thousands—The King at Cowes.

London, Aug. 15.—The plan of opening Westminster Abbey to give the public an opportunity to view the coronation fittings has involved the authorities immeasurably and is proving to be a much more troublesome task than had been imagined. Wednesday the admission fee was $1.25 and yesterday it was reduced to 60 cents. Great crowds inspected the building during these two days, but this morning the rate of admission was further reduced to 12 cents and throngs past all calculations congregated long before the doors were opened. By noon the line extended a mile to the westward of the Abbey, in closely packed ranks. A small army of police was called out to keep order. The people passed through the turnstiles at the rate of 2,500 an hour. Although thousands turned away, giving up hope of entering, the line was still growing up to the middle of the afternoon.

THE KING AT COWES.

Cowes, Aug. 15.—King Edward's reply to an address from the city of Portsmouth yesterday was handed to the mayor of Portsmouth today. On behalf of himself and Queen Alexandra, his majesty thanks the city for its congratulations on his coronation, the recovery of his health and the conclusion of peace, and adds:

"We are unfeignedly thankful for the mercies which it has pleased Almighty God to vouchsafe to use and to our people and we trust now, that we are happily at peace with all the world, that the recent rejoicings wherein the whole empire shared, may send us forward, each in his own station, to work with renewed earnestness for the maintenance and improvement of our noble heritage and the accomplishment of the ends that become a great people. For myself I shall ever be stimulated in my exertions for the welfare of the empire by the ineffaceable recollection of a tribute of loyalty and affection which has touched me deeply."

The king and prince of Wales landed at East Cowes today and visited Osborne house.

During the morning the king marked the spot occupied by the coffin containing Queen Victoria's body on the deck of the royal yacht Victoria and Albert. A brass cross was set into the deck, bearing the words:

"Here rested the beloved remains of Queen Victoria.

"From February 1 to February 2, 1901.

"Born May 24, 1819.

"Died Jan. 22, 1901."

TO SEND ARCHITECT TO PEKIN.

Washington, Aug. 15.—Complying with the request of the secretary of state, the treasury department will detail an expert architect from the office of the supervising architect of the treasury to go to Pekin, China, to complete the plans and specifications for the new United States legation buildings there, and superintend their construction. The French architect who performed a like service for his government and who was engaged to plan and construct the buildings for the United States has gone to France and will not return. As his plans were not altogether satisfactory, Minister Conger has asked that a competent architect be sent from the United States. The selection of a man will be made very soon.

A PAIR OF FILTHY BEGGARS

POLICE JUDGE BANISHES THE TWAIN FROM THE CITY.

Were Dirty and Insolent and Taken for Vagrancy—General News of the Police.

Three cases disposed of in about as many minutes was all that attracted the attention of Judge Dreibelbies at police court this morning, barring a very loud and offensive smell which emanated from two of the prisoners, one of whom presents a most unsavory appearance, the result of a foul disease.

Michael Touhey was the first man to bat. Mike had been storing up treasures under his belt until all his storage capacity was exhausted and then he cut loose on the safety valve. He blowed off so hard that the police got him and he was wheeled into camp in the wagon. This morning he entered a plea of guilty to intoxication and was sent over for eleven days.

A FILTHY PAIR.

Edward Johnson and Harry Wilson were arrested yesterday afternoon by Detective Coling and were slated for vagrancy. Both walk on crutches, one being minus a leg and the other crippled by disease. They were begging yesterday and were partly drunk and very insolent. When refused money they became abusive and obscene in their language, relying on their crippled condition to escape deserved punishment. They forced their way into crowds in stores and when ordered by Coling to get away and leave town they grew defiant and threatened all sorts of visitations upon the officer if he attempted to arrest them. That settled it and they were taken in. They were not near so defiant this morning, but they smelled to heaven and then some. The judge remarked that while they should be punished he did not think that Allen county had any use for that kind of citizens, in jail or out of it, and on their promise to leave town in an hour he continued their cases indefinitely and allowed them to go. If they are caught again they will be locked up in an isolated cell and a constant stream of water will be turned on them to assist in making their presence tolerable. They are the toughest pair that have been seen in police court in a year.

Charles Scheimann left this brand new bicycle standing in front of the Packard store yesterday evening and when he returned to use it it was missing. He does not believe that the machine was taken as a joke, but is of the opinion that it was taken by mistake or else is gone for good.

Anna Murdock, a young woman who operates a sort of a traveling employment bureau and who has a habit of leaving cities she visits without going through the formality of paying her hotel bills, was in the city yesterday afternoon but did not remain long. The police department here was notified of her operations in some Ohio towns east of Fort Wayne on the line of the Pennsylvania road and it was suggested that as she was working westward she would probably slop off in Fort Wayne. The police department in turn notified the various hotels and the consequence was that when she registered yesterday she was informed that it was a case of settlement in advance. She remained several hours and then left for the west.

IN JUSTICES' COURTS.

An affidavit has been filed in Bullermann's court charging Stephen Roush with assault and battery on Martin Kamp. The defendant appealed and a change of venue was taken, the case being sent to Huser's court. The assault is alleged to have occurred on the night of August 13 and is supposed to be the outcome of a difficulty existing among members of the plumbers' union.

'Squire France will close up his justice shop next Monday, Tuesday and Wednesday and with two of his children will go to Rome City and put in a few minutes showing the natives how a fisherman catches fish. He says he thinks he can live there pretty cheap because his brother owns a cottage there and he can kill two stones with one bird by remaining over until after Venetian night. Constable Bagby will be taken along to dig bait and furnish the smoking tobacco, but he will be obliged to sleep on the porch and board himself.

Legislation enacted by the last congress will result in at least 10,000 new pensioners.

There has been noted in Honolulu a series of tidal waves believed to be due to volcanic action.

LAST DAY OF REUNION.

Council Bluffs, Iowa, Aug. 15.—Today was the last day of the reunion of the National Society of the Army of the Philippines, and after the business meeting in the early day the veterans were entertained with excursions and sightseeing. The principal business of the session today was the election of officers and the selection of a place for the next reunion.

NEW HAVEN LAD IN TROUBLE

ROXIE TROUTMAN HELD TO FEDERAL GRAND JURY.

Charged With Having Sent a Profane and Obscene Letter by Mail—Waives Hearing.

Roxie Troutman, a New Haven boy apparently not more than eighteen years of age, was held to the federal grand jury by United States Commissioner Logan at 2:30 o'clock this afternoon. Troutman is charged with having sent through the United States mails an obscene letter. His mother signed a bond for $500 for his appearance and he was released from custody.

It appears that early in May of the present year Troutman, then a pupil in the New Haven schools, wrote to Stephen Krominaker, then boarding at 50 Force street in this city, a letter in which a vile epithet is applied to one Joseph Robbins, a thresher at New Haven. There are also obscene references which in the opinion of the postal authorities render the letter actionable.

Robbins secured possession of the letter and promptly mailed it to the postoffice department at Washington. It was referred back to Col. D. J. Foster, of Chicago, postoffice inspector for this district, and within a few days Robbins filed an affidavit against the young fellow. Troutman was arrested at 11 o'clock this morning while at work in a sugar beet patch at New Haven by Deputy United States Marshal Scott. He was brought to this city, and his mother, a widow, accompanied her son. When the preliminary hearing was called this afternoon Assistant District Attorney Lafollette was present for the government and Attorney B. F. Harper appeared to defend Troutman. The defendant waived hearing and was held under bond as above stated.

GIVE ONE-TENTH TO THE LORD

TITHERS TELL EXPERIENCE AT NATIONAL MEETING.

Last Day of Convention at Lake Winona—Church Fairs and Socials Condemned.

Warsaw, Ind., Aug. 15.—Yesterday was testimony day at the National Tithers' convention in session at Winona. A number of men of means told how the system of setting aside the first tenths of one's income operated with them as individuals. J. J. Porter, a business man of Pittsburg, stated that from an experience extending over a period of twenty years as a tither the system plays whether viewed from a financial, a mental or a spiritual standpoint. Other delegates who have been tithers for years gave testimony, among them Thomas Kane, Dr. J. Wilbur Chapman and Judge J. B. Hobson. In the afternoon Rev. H. B. Stewart, pastor of the Third Presbyterian church, Chicago, delivered a strong address on the spirit and method of giving, his idea being that the practice is worthy of consideration either by church or individual. He advocated giving cheerfully and liberally without ostentation and described the success which had been attained in his church by pursuing regularly this method of systematic giving.

The speaker stated that some give by careless caprice, others from selfish calculation and by emotion, but the giving should be according to God's measure or requirement because "the tithe is the Lord's"—Leviticus, twenty-seventh chapter, thirteenth verse. All tithers express themselves as averse to raising money for church purposes by giving fairs, socials, lawn fetes and drawings. In fact their opposition to this almost universal practice furnishes a strong argument toward inducing churches of every denomination to adopt the tithing system.

Yesterday afternoon in an address Rev. Frank O. Ballard, of Indianapolis, outlined "The Work Laid Upon the Church and Revenues Committed to Her."

Blyun Yates, of Buffalo, spoke on "The Weakness of Existing Methods of Church Finance."

The concluding address of the day was given by Rev. S. Warner, of Kansas City, on the subject, "How to Preach the Tithe."

HUSBAND AND WIFE SHOT

MAN KILLED AND WIFE FATALLY WOUNDED.

Sensational Affair in a Tampa Home —Shooting Done by the Son of a Wealthy Cuban.

Tampa, Fla., Aug. 15.—At the home of Charles J. Allen, on Seventh avenue, Tampa Heights, the most fashionable residence section of this city, Mr. Allen was killed and his wife fatally shot yesterday by Manuel Chavez, one of the wealthiest and most prominent young members of the Cuban colony here. Many conflicting accounts of the tragedy were current, but the one generally believed is that Allen returned home unexpectedly and found Chavez in his house and that he assaulted the Cuban, striking him a terrific blow in the mouth. Chavez then drew a pistol and began to fire. One bullet struck Allen in the left side and another in the mouth, and the third in the abdomen, after passing through the body of Mrs. Allen, who had rushed between the men in an effort to separate them. The shooting of Mrs. Allen is believed to have been entirely unintentional.

Immediately after the shooting Chavez rushed from the house bareheaded and disappeared in his buggy that was standing at the back gate. He subsequently surrendered to the sheriff. An effort was made to get him released last night. His father's firm, one of the largest manufacturers of cigars here, offered to put up a $100,000 cash bond, but as the charge is murder Judge Robles refused it. Prominent attorneys, including Congressman Sparkman, have been employed by the defense.

MARRIAGE LICENSES.

Judge James H. Rose, of Auburn, is in the city. He made the trip in an automobile, but whether or not the judge returns by the same route depend upon whether the repair men get the machine in operation again in time.

NOT OVER WISE.

There is an old allegorical picture of a girl scared at a grass-hopper, but in the act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar, but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For sale by all druggists. 8-14-2m

EIGHT HOUR DAY

TO BE THE SLOGAN OF THE PRINTERS' UNION.

CAMPAIGN BEGINS NEXT YEAR

INTERNATIONAL CONVENTION ADOPTS PROPOSITION.

TO WAGE AGGRESSIVE FIGHT

THE INTERNATIONAL TO WORK WITH THE LOCALS.

Cincinnati, Aug. 15.—The convention of the International Typographical union today adopted a proposition for an aggressive campaign the next year for a universal eight-hour law. President Lynch and Vice President Hawkes were directed to act with all local unions where the working day exceeds eight hours and secure observance of the eight-hour law.

Following addresses by Vice President James Wood and Michael Rafel, of the National Cigarmakers' union, a resolution was adopted boycotting certain brands of cigars.

The report of the committee on laws was completed during the morning session, making many verbal and technical changes in the laws.

REPORTS ADOPTED.

All the committees were called and their reports adopted, with various amendments. In accordance with President Lynch's report, a conference committee was appointed to secure better sanitary conditions of composing rooms. It was unanimously decided to refer the request of the Los Angeles union for an appropriation of five cents per capita per month to a referendum vote, with all delegates present pledged to support the assessment. This action will produce $25,000 per year.

Petitions were presented for the reappointment of John E. McLaughlin, of New York, as organizer.

The proposition for a seven-story general office building at Indianapolis was defeated, as was also the one for fraternal insurance.

IN MEMORY OF CUMMINGS.

Resolutions of respect were adopted in memory of many departed members. Among them, Amos J. Cummings, whose birthday is to be celebrated.

The committee on laws recommended an amendment to the general laws striking out the famous section No. 142, and it was unanimously adopted. Frederick Driscoll, commissioner of the American Newspaper Publishers' association, addressed the stereotypers' union this forenoon, urging joint action with the International Typographical union in eliminating section 142 from the joint agreement. The International Typographical union adopted with unanimity the suggestions of Commissioner Driscoll that all changes in scale before adoption by the union shall be submitted to each publisher interested; also, that a representative of the American Newspaper Publishers' association shall be entitled to be heard before the passage of any laws affecting the rights and interests of publishers.

FIRE DROVE THEM OUT.

Cincinnati, Ohio, Aug. 15.—Just as the delegates to the International Typographical union convention were leaving Pike's Opera house for the noon recess, the building was discovered to be on fire. Everybody succeeded in getting out of the blazing structure without trouble.

The fire started in a sub-cellar of George Joffee's grocery, where a boy was smoking cigarettes. The flames spread rapidly, but were under control within an hour, causing a total loss of $75,000.

The heaviest losers are George Joffee, groceries; Henry Straus, cigars and tobacco, the Pike estate and Manager Hunt, of the opera house.

BASE BALL

In the National league, the western clubs finished their eastern trip yesterday and all had a pretty even break. The eastern series commenced July 29, when Pittsburg had a percentage of .750 and that is what she has today to a fraction; Brooklyn has lost .001; Boston and Chicago changed places in rank and Boston now trails the second division. The closing games were devoid of any special features and the aggregate attendance was 6,125, Philadelphia being low with 325 and Boston a close second with 40. In contradistinction to these figures theAmerican league at Boston yesterday drew 5,358 and at Philadelphia drew 5,918. The American league games were not very strong, the sensational game being at Boston, where Boston again defeated the champions. In the great plays of the game two Port Wayne favorites figured. Criger made a three base hit and Chick Stahl made a one hand catch in short center field after a desperate chase, which is referred to by the Boston correspondents as "phenomenal." The attendance at three cities was 12,268. In the American association double headers were played at Columbus, Indianapolis and Toledo. Minneapolis beat Columbus both games and at the other two towns there was an even break. The attendance was 4,710. The scores follow:

LOGANSPORT VS. SHAMROCKS.

The Shamrocks will play the Logansport team at League park on Sunday afternoon and the game promises to be decidedly interesting. The Shamrocks have won one and lost one and Sunday's game will decide which is the better team. Ream, formerly with the Fort Wayne league team, will pitch for Logansport.

WAS A GREAT SUCCESS.

The anniversary celebration at the Reformed Orphans' home yesterday and last evening was a grand success and passes into history as one of the most enjoyable events in the annals of the institution. Many stayed during the evening hours and listened to a fine concert by the First Regiment band. The report of the treasurer of the home, Rev. J. H. Bosch, showed the financial condition of the home to be excellent. Receipts during the year amounted to $13,014.92 and the disbursements $12,860.87, leaving a balance of $154.05. Two munificent gifts of $1,000 each were received from Mrs. Gehring, of Cleveland, O., and Mr. Van Tucke, of Titusville, Pa. The money received during the year was expended on improvements on the home, paying a mortgage of $4,000 and for other purposes.

IN NORTHERN INDIANA.

J. A. Ernsberger, of Delphos, Ohio, is preparing to erect at Decatur one of the largest greenhouses in this section of Indiana.

The plant of the Winona Ceres company, producing a number of food preparations, is to be removed from Warsaw to Elkhart.

John Krieger, an Auburn carpenter, made a bad shot with a hatchet Wednesday and chopped off two fingers of his left hand.

The commissioners at Richmond have decided to abandon the Wayne county orphans' home and will place the children in White's institute near Wabash.

Prisoners in the Laporte jail had framed up a job to escape and had removed a section of the prison wall, covering the aperture with paper, but it was found out by the turnkey.

The Rochester shoe factory, brought from Daleville several years ago with a bonus of $25,000, has changed hands and the new proprietor is planning to remove it to Wisconsin.

Coroner C. S. Williams, of Whitley county, has rendered a finding that the recent death of Paul Baumann, of Fort Wayne, which occurred at Shriner lake, was due to excessive use of alcohol.

Thad Anglemeyer, a Huntington soldier in the Philippines, wrote home expressing a wish for a shotgun, as there were plenty of wild ducks and pigeons in his locality. The shotgun was sent by mail by his indulgent father.

Many people near Huntington who were induced to donate chickens to a stranger, who said they were to be used in giving a supper for the benefit of a church in that city, afterwards discovered that the solicitor was a cheap swindler and had sold the poultry to a dealer.

The workmen who are grading for the track of the Wabash-Logansport company between Wabash and Logansport are unearthing scores of mule shoes, which have been covered with earth since the abandonment of the old Wabash and Erie canal many years ago. The traction company acquired the towpath for its line and it is supposed that the right-of-way is lined with the shoes cast by the gentle mules that drew canal boats in the long ago and which were never picked up. They are being preserved as relics.

THE MARKETS.

Chicago, Aug. 15.—Grains were active and higher at the opening today, largely influenced by the rains in the spring wheat harvests. September wheat started ⅝c to ⅞c up at 70¼c to 70⅜c on steady cables and a brisk covering demand. Yesterday's leading bulls supported the market and on the scanty contract receipts and bad weather for grading September sold to 71⅛c and held strong. Local receipts were 318 cars, 1 of contract grade. Minneapolis and Duluth reported 126 cars, making a total for the three points of 444 cars, against 298 last week and 442 a year ago. Heavy receipts southwest had no early retarding effect on the market. Argentine shipments were 240,000 bushels against 48,000 bushels last week and 408,000 bushels a year ago.

Manipulation was essentially the feature of the day's trading in wheat. After the bulls had put prices up they turned and sold freely. September declined on selling to 70⅜c, but the close was firm 1c up at 70⅞c.

Corn advanced on the wheat influence. Cables were lower, but there was good covering in December and receipts were still bullishly low at 32 cars. September started ⅛c to ⅜c up at 51¾c to 52c, dipped to 51⅝@51⅜c and held steady near 51⅞c.

Corn trade hung fire after the early activity and September fell off with the liquidation in wheat, closing steady unchanged at 51¾c.

Oats had an active early demand and made rapid advances. The rains were too much for grading and out of 272 cars received only 22 were contract. Covering was brisk and September opened ⅜c to ¾c up at 31¾c to 32⅛c and soon sold to 32¼@32⅜c.

Provisions were dull and weak early. Hog receipts were liberal and prices at the yards were lower. There was little early support and products declined. September pork started 10c down at $15.55 and rallied 2½c. September lard started 2½c lower to unchanged at $10.27½ to $10.30 and sold down to $10.20, and September ribs 2½c off at $9.00 and sold at $8.95.

THE DAY ON WALL STREET.

New York, Aug. 15.—The stock market opened active and firm with Southern Pacific and Union Pacific the conspicuous features. There were simultaneous opening sales of 10,000 shares of the former at 72 to 72⅜, compared with 71⅞ last night, and the latter was carried up ⅝ by the successive purchase of blocks of 1,000 to 1,500 shares. Canadian Pacific and Louisville rose a point and St. Louis and San Francisco and Rock Island large fractions. Uniform small fractional gains were the rule throughout the list.

Prices wavered when profits were sought in the opening strong stocks under cover of bidding up elsewhere. Recessions, however, were small aside from Louisville, which reacted a point. Toledo, St. Louis and Western stocks were in good demand, the common gaining 2¼ and the preferred 1⅝. New York Central, Hocking Valley and Ice preferred also rose 1½@2. Adams Express jumped 5. The market was quieter at 11 o'clock, with the grain-carrying stocks showing heaviness.

The southwestern stocks were sold heavily causing reactions of ¾ to 1½ in Missouri Pacific and Texas Pacific. Prominent stocks generally went lower and a rapid rise of 1⅝ in Pennsylvania was ineffectual in checking the selling and that stock reacted a point. Norfolk and Western declined a point and United States Express 2 and many other stocks ruled below yesterday's close. Chicago Great Western preferred 18, Chicago Terminal preferred and Ice improved 1, Pullman 5 and Westinghouse Electric first preferred 8 points.

Bonds were irregular.

Prices were carried below last night generally and gains were wiped out in Pennsylvania, Southern Pacific, Louisville, Canadian Pacific, Rock Island and Hocking Valley. Net losses reached a point or more in Missouri Pacific, Texas and Pacific, Norfolk and Western, St. Paul, Atchison and Illinois Central. Great Northern preferred rose nearly a point. The market rallied slightly and became very dull.

Louisville rallied to near the best, but other active stocks were sluggish and feverish. American Telephone and Telegraph advanced 1½ and Adams Express 10 in all. Pacific Coast, Pittsburg, C., C. & St. Louis, Fort Worth and Denver City Stamped, United States, Reduction and Sloss-Sheffield Steel preferred lost from 1 to 2½.

Prices dropped back again, the loss in Missouri Pacific reaching 2 points. Nashville, Chattanooga and St. Louis dropped 4⅜. A renewed advance in the Toledo, St. Louis and Western stocks steadied the market. The common rose 4⅝ and the preferred 2⅜, Chicago Union Traction 2 and the preferred 1. St. Louis Southwestern preferred rallied to 1¾ over last night and Southern Pacific recovered to near the best. The closing was dull and firm.

THE MONEY MARKET.

New York, Aug. 15.—Money on call firm at 4 per cent; prime mercantile paper, 4½@5 per cent; sterling exchange fairly steady with actual business in bankers' bills at 487.37@487.62 for demand and at 484.75@485 for 60-day bills; posted rates, 486 and 488½; commercial bills, 484½@485¼; bar silver, 52½; Mexican dollars, 41¼.

Government bonds steady.

TOLEDO MARKETS.

Toledo, O., Aug. 15.—Wheat—Market dull, strong; cash, 72½c; Sept., 72¼c; Dec., 71⅝c; May, 73c.

LAST TO LEAVE SCENE OF WINONA COLLISION.

The Fort Wayne Electric company is preparing the way for the Wabash company to put in a loading track running up to the big traveling cranes at the new shops and to the rear of the old machine shop. When this track is in operation the handling of the big dynamos from the shop to the cars can be accomplished with great ease and at far less expense than the same work is accomplished now. To make room for the track a large building that was used as a store house for lumber and kindred material has been moved to a position at the rear of the large storehouse and adjacent to the tracks running along the east side of the building. The work of moving this building was accomplished by William Martin, the old house mover, living on Broadway. The power plant walls are nearly completed and the building will receive its roof early next week. The machinery received a few days ago and mentioned in The Sentinel, is being placed as rapidly as possible and other preparations are making for a busy time the coming fall and winter months. Additions to the working force continues daily, the following mechanics being employed this morning: Fred Boseker, in A. Keyser's room; Ed Davy, in William Schultz's room, and Christian Cook, in L. P. Strong's room.

BOILER MATERIAL SCARCE.

Manufacturers who use boiler and other sheet steel are experiencing the greatest difficulty in keeping their shops supplied with it. Some kinds of work at the Bass shops has been delayed several weeks by a shortage in this class of material and the situation had almost reached the point where it would be necessary to lay off a lot of men. Fortunately, the company was able to secure several car loads of metal today and it will be here tomorrow, when work that has been laid aside several weeks will be taken up and completed. There is also a scarcity in some other metal supplies, but it has not arrived at an embarrassing point as yet.

THE DAY'S ACCIDENTS.

Pennsylvania engine 208 was derailed at Delphos, Ohio, yesterday afternoon. It was only slightly damaged.

Machinist Thomas Kumrel, of the Kerr Murray works, had a hand severely cut yesterday by getting it fastened in the machine he was operating.

J. N. Alter, a flue cleaner at the Pittsburg round house, fell yesterday from an engine and was severely bruised and sprained. He resides at 1160 Division street.

WEEKLY ENGINE OUTPUT.

An engine a day was the extent of the output from the back shops of the Pittsburg during the past week. Nos. 173 and 18, big E-2 engines, received only light repairs; Nos. 7156, 7154, 7035, 7215 and 7265 received general repairs. During the week the following engines were taken in for repairs: Nos. 901, 903, 530, 193, 230 and 127.

WRECKED ENGINES COME IN.

Engines 344 and 114, which figured in the Winona wreck last Monday, were brought to the city last night and will be taken into the shops for repairs. No. 344, which is a heavy freighter, is not seriously damaged and will be ready for work in a few days. No. 114 is more extensively damaged and will have to be rebuilt.

INDUSTRIAL NOTES.

William H. Taylor, of New York, is visiting his brother-in-law, James Chamberlain, gatekeeper of the Pittsburg roundhouse.

George T. Ladd has gone to Detroit on business for the Bass company.

Two rope wheels left the Bass shops this morning for McKeesport, Pa.

B. G. Fenker, James G. Roper and R. W. Whaw, of the Pittsburg shops, are sick and off duty.

J. Crawford and Fred Sessler, Wabash boilermakers, went to Peru this morning to repair an engine boiler.

H. G. McDole, stationary engineer at the Pittsburg planing mills, has gone to Van Wert, Ohio, to look after some private business.

Henry Lerch, night air-brake inspector at the Pittsburg shops, is the papa of a twelve-pound boy, who came to his home yesterday.

Charles Casterline, messenger at the motive power office of the Pittsburg, is confined to his home by sickness.

Fireman G. Bessert, of the Pittsburg, has been off duty a couple of days on account of an injury to one of his eyes.

F. P. Clark, of Van Wert, Ohio, has moved to the city for the purpose of taking a position at the Wabash shops.

Walter Kensill, a carpenter, resigned his position at the electric works today to take one with the interurban company.

L. L. Gloyd, a checkman at the Pittsburg freight house, is entertaining his brother, whom he had not seen for fifteen years.

N. E. Nestle and Fred Knoll, of the Wabash machine shop, will take an eastern trip, leaving on the morning of the 23d for Buffalo.

William Jackson, the retired Pennsylvania employe, is entertaining his daughter, Mrs. Malinda A. Snyder, and son Fred, of Lima.

William Hilgemann, who resigned a position at the Electric works last Monday, left today for Auburn, to work in the gas engine works.

A 320-light generator to the Imperial Tobacco company, Kingston, N. C., was among the shipments from the electric works this morning.

A. A. Stace, who had a hand injured two weeks ago, reported for work at the Pittsburg freight house this morning. He is a packer.

Marion O'Hara, a machinist at the Wabash shops, who took a position there three days ago, has been called home by the news of the death of his little son.

Charles McCoy, who was recently married, is today moving into the house at 2215 Home avenue. The young man is a machinist at the Wabash shops.

Mrs. M. E. Mayhew, of the Pennsylvania freight office, left today for Charlevoix, Mich., where she will join some friends and remain a week or ten days.

The Bourbon people are at Winona in considerable number today. The Pennsylvania train No. 22 brought five car loads of them down to the resort this morning.

H. W. Ireland, a tinner, and C. O'Rourke a plumber, will resume their respective duties at the Pittsburg shops next Monday. They have been sick about two weeks.

Machinist DeVilbiss, of Moberly, Mo., is visiting in the city. He was once a gang foreman at the Wabash shops in this city and called there yesterday to see his old friends.

Louis E. Rehling and H. C. Elx resumed their respective duties in the Pittsburg shops this morning. Mr. Rehling had been off duty on account of an injured hand and sickness in his family.

J. W. Hilgeman left for South Brooklyn, Ohio, this morning to set up some dynamos recently sent to that place by the Fort Wayne Electric company. South Brooklyn is a suburb of Cleveland.

W. L. Kellogg has been appointed master mechanic of the Missouri Pacific shops at Fort Scott, Kan., vice C. A. Sanders, resigned. Mr. Kellogg has been foreman of engines on the Iron Mountain road.

Mr. and Mrs. O. C. Obenchain and daughter have returned from Parsons, Kas., where they spent four weeks very pleasantly with relatives. Mr. Obenchain is a passenger brakeman and he reported for duty on the Pittsburg this morning.

H. H. Long, the Nickel Plate brakeman who was injured by falling from a box car at McComb, Ohio, was able to leave St. Joseph hospital and go to his home at Bellevue this morning. It will be some days before he will be able to resume work on the road.

The Pennsylvania railroad special, which left Crestline, Ohio, one hour and twenty minutes late, arrived in Pittsburg yesterday on time, making the run of 189 miles at the average speed of a mile a minute. Some of the stretches were covered at the rate of seventy-eight miles an hour.

The three passenger associations have under consideration a proposition to organize a protective bureau, with agents in all prominent cities, as a means of preventing scalpers from getting a hold of tickets. The matter will be decided upon at the meeting to be held in Chicago in September.

The shops of the Baltimore and Ohio at Glenwood and at Connellsville are to be enlarged and equipped with the latest patterns of machinery for repairing engines, and at New Castle the company will erect new shops capable of repairing all the engines running between Pittsburg, Akron and Fairport.

Assistant Trainmaster W. E. Davis, of the Pennsylvania, and Mrs. Davis returned from a trip of the lakes last night. Mr. Davis resumed his railway duties this morning. W. H. Tigar, of the same department, will enter upon his vacation tonight, when he will leave for the Atlantic seashore to camp out a week or more with his brother Walter.

Master Mechanic C. W. Cross, of the Lake Shore, has devised an observation car on an engine which will be a decided improvement over the car gotten out by the New York Central and which was described in these columns a short time ago. Mr. Cross has submitted his plans to the officials and is expecting instructions to equip an engine in accordance with them.

Machinist Charles Muhlenbruck, of the Pittsburg shops, has gone to Columbus, Ohio, in response to a telegram informing him of the serious illness of his sister, Mrs. Benjamin Armack, formerly of this city. Mr. Armack is chief electrician at Columbus for the Pennsylvania company. He was formerly vise foreman in the company's shops in this city.

The Columbus, Sandusky and Hocking Valley road will be sold at auction September 24, on order of Judge A. C. Thompson, of the United States court, the upset price being $2,700,000. Lively bidding is expected for the property. It is the only direct competitor of the Toledo and Ohio Central and the Hocking Valley coal roads controlled by the Morgan interests, and it is expected the Goulds, Morgans and the Pennsylvania interests will vie with each other for the property.

Last Tuesday George H. Daniels, general passenger agent of the New York Central road, delivered an address before the Chautauqua assembly on "American Railroads and Our Commercial Development." In his remarks on the abandonment of the canals he named three causes—first, the great reduction in rates of freight by the railroads; second, the marvelous development of the motive power and rolling stock of American railways; third, the failure of the canals to meet the general demand of the American public for quick time.

Within the next three or four weeks many Pennsylvania employes will take their annual vacation. Among the number will be Master Car Builder J. A. Graham, Blacksmith Foreman G. A. Schink, Motive Power Inspector G. L. Will and Shopmen G. E. Sisco, J. G. Tolhamus, H. F. Meyers, M. H. Hobrock, John Cattez, Benjamin Weyer and F. C. McElfatrick, and W. H. Boese and Clerk William Scherer. Messrs. Graham and Schink will go to their old home in Pennsylvania and they will be accompanied by their families on the journey. The wives of the other men will also accompany them on their journey.

Two young fellows, said to be employed in railway shops, created quite an excitement at the corner of Fox and Taylor streets, last night, by pummeling each other most outrageously. It seems that the boys had a dispute at the shops and concluded to fight it out. A referee was selected from the spectators and the pugilists went at it with bare fists. A dozen or more rounds were fought, when the referee called the battle a draw and the boys were persuaded to quit fighting. Each had a bloody nose, several abrasions and contusions on face and forehead and probably each has a couple of black eyes today.

PREMIUM LIST IS ACCEPTED

MEETING OF COUNTY FAIR ASSOCIATION TODAY.

Nearly $8,000 in Cash Prizes to be Given, Besides Many Special Premiums.

The county fair committee met this morning in the association headquarters in the court house and accepted the report of the premium committee, besides giving attention to several propositions from a large number of attractions that desire to show here during the affair. No action was taken in these matters, however, and beyond accepting the premium list no business was transacted.

This afternoon the members of the committee visited the Driving park and went over the grounds for the purpose of deciding the manner in which they will be laid out. Assistant Secretary Will Johnson has prepared a plat of the park, which is at the fair headquarters, for the inspection of those who intend to exhibit. The main building is to be located west of the three-quarter pole near the St. Joe road entrance. This portion of the ground has been divided into six spaces 100x125 feet, besides many smaller spaces for minor exhibits.

W. H. Fleming, who is in charge of the horse races, states that there will be races each day and prizes aggregating $2,950 will be given. Besides the cash premiums there will be a number of special prizes given by merchants. The first to donate special prizes was George W. Bruckner, who has given a number of agricultural implements.

The total premiums and the superintendents of the different departments are as follows:

Department A—Draft and work horses, $455; superintendent, W. H. Meyer.

Department B—Light harness horses, carriage teams, ponies, etc., $190; W. H. Fleming, superintendent.

Departments C and D—Beef cattle, $463; dairy cattle, $206; David McKay, superintendent.

Departments E and F—Sheep, $130; swine, $168; George Thumm, superintendent.

Department G—Poultry, $130; J. B. White, superintendent.

Department H—Agriculture and horticulture, $310; O. Bird, superintendent.

Department I—Domestic and fine arts, $403; superintendent not yet chosen.

THE AMERICAN MENACE.

Halifax, N. S., Aug. 15.—Hon J. I. Tarte, Canadian minister of public works, in a speech before the Canadian Manufacturers' association, declared that Canadians must no longer see their markets slaughtered by American manufacturers and the great trade of the continent carried through American channels. The remedy, he proposed, was improvement of the Canadian waterways and a higher tariff.

"We must," he said, "transport from west to east through Canadian channels. This country must be united by cheaper transportation and a strong Canadian tariff. The shortest route to the seaboard is destined to be the great carrying highway, not only of the wheat fields, but of the whole American continent. We have a route from Georgian Bay to Liverpool 300 miles shorter than via New York. The Canadian Pacific railroad and the Grand Trunk must work together to carry that trade via Canadian routes."

The minister stated that Canada would soon have a fast Atlantic line and declared that Halifax in winter and Quebec in summer were the natural terminals.

BIG FIRE AT HAMILTON.

Hamilton, Ohio, Aug. 15.—A most destructive fire began at midnight and was not under control until 4 o'clock this morning. The large dry goods store of T. V. Howell & Son, where the fire originated, was made a complete wreck. The Second National bank building adjoining the Howell block on the west, was damaged considerably, but the bank itself escaped with slight damage. While the fire was in progress another fire broke out in Walnut street in a small grocery store and Cincinnati was called upon for help. Two engines were sent in response, but by the time they arrived the fire was under control and they were not taken from the train. The losses are estimated at a quarter of a million, mainly in the Howells' and Second National bank.

Mr. and Mrs. Herman Berghoff, of Chicago, are in the city.

CONTEMPT CASES ARE HEARD

JUDGE AIKEN SITS IN THE SUPERIOR COURT.

Huntsman Case Dismissed and the Krock-Jansen Case is Postponed—Court News.

Judge Aiken sat in the superior court today and disposed of another small grind of cases. In the case of Susanna Huntsman vs. Wallace W. Huntsman, wherein the defendant was cited to show cause why he should not be punished for contempt for failure to comply with an order of the court providing for the payment of alimony to his divorced wife, the defendant showed that he had turned over a negotiable note for $60 to the plaintiff, and upon motion the cause was dismissed at defendant's costs. In similar contempt proceedings growing out of the Krock-Jansen habeas corpus case, the docket was not so easily cleared. John Krock, the grandfather, and Mary Krock, the mother, were cited to show cause why they should not be punished for failure or refusal to abide by the order of the court in relation to the disposition of the suit involving the custody of little Estelle Jansen, who, it was charged, was spirited out of town by her maternal relatives, contrary to the order of the court delivering her to the Academy of the Sacred Heart. The defendants were in court this morning, and a motion to quash was overruled and exceptions were filed; other motions were made and overruled, and finally the defendants took ten days to file the bill of exceptions, which leaves the case practically where it was when it was called this forenoon.

THE GOLDEN CASE.

The trials and tribulations of Jennie and Joseph J. Golden have been frequently exploited in the courts—upper and lower. Recently Golden, who is a Grand Rapids engineer, had his wages tied up in an injunction suit instituted by his wife, who then immediately sued him for support and brought criminal action for desertion and failure to provide. As the trial Golden showed that he had always provided for his wife and that since their separation several months ago, her account at a grocery and general store was open on the strength of her husband's credit and it was shown that the reason the defendant could not pay her the money ordered by the court was because on her own action she had tied it up in the hands of the railroad company. Judge Aiken took that view of the case today and issued an order directing the Grand Rapids road to pay $130.35, now due Golden and held by the company, into the hands of the clerk of the court, where it could be reached and distributed as the court might direct.

In the case of VanKirk vs. Trautman it was shown that the demand of the plaintiff had been satisfied before the action was brought and that the case should be dismissed at the cost of the plaintiff. The judge so ruled.

COURT NOTES.

In the slander suit of Mary C. Kendall against John A. Wehr, an order was issued directing the defendant to appear for examination August 21.

The Ohio Match company sues Max B. Fisher et al., doing business under the firm name of Fisher Bros., for $800, claimed to be a balance due on a car load of matches. The suit developed the fact that a car load of matches is worth $1,300.

In the case of Staddard & Allen vs. the Huntington Manufacturing company a judgment for $430.06 was rendered.

The Hecla Manufacturing company sues E. B. Fairfield on account. The demand is placed at $175.

In the case of Elizabeth Lawrence vs. William Carroll a decree to quiet title was ordered to issue.

The superior court was in session again this afternoon, but no business save the hearing of arguments on several motions and the filing of answers to complaints was transacted. Judge Aiken will remain in the city for a week, but will not again hold court before Thursday except upon special request or in case of emergency.

An umbrella found in the ladies' lavatory at the court house can be recovered by the owner at the custodian's office.

The county commissioners will be in session again tomorrow morning.

DEATHS AND FUNERALS.

WAIBEL.

Pracidus Waibel, 76 years of age, and a resident of Fort Wayne for more than half a century, died Thursday evening at his home, 320 West Jefferson street. Death was due to Bright's disease, from which the aged man had been suffering for some months.

Mr. Waibel was born in Singen, Baden, Germany, October 5, 1826, and in youth learned the trade of cabinet-maker. In 1852 he emigrated to America, settled in Fort Wayne and had lived here continuously since that time. He worked for many years for John M. Miller, then at the Pittsburg shops, and later he entered the employ of the Fort Wayne Organ company, remaining until a short time ago, when failing health compelled him to retire from active labors. He was very well known and had many friends. For several years he was active in political affairs and adhered to republican principles. The surviving relatives include the widow and four children—Albert, Charles, George and Miss Nancy Waibel.

Funeral services will be held Monday morning at 8:30 from the residence and at 9 o'clock from St. Paul's Catholic church, of which the deceased was a devoted member.

Occasionally One Meets a Liar.

Particularly at this time of the year. He may be a gentleman of leisure or he may be a man with hardware to sell. Better not swallow anything whole in either case.

When you need anything in the hardware line you can depend upon getting the biggest possible value at our store. We never misrepresent anything. After a first purchase has been made we have no difficulty in selling the customer again and again.

We want to please you. If we do not, kindly tell us wherein we fail.
